HOOVER SPEAKS AT NEW YORK CITY TONIGHT

BRINGS HIS CAMPAIGN IN EAST TO CLOSE

VERY FEW TO SEE HIM UNTIL HE FACES AUDIENCE AT MADISON SQUARE GARDEN

HOOVER RADIATES CONFIDENCE AS HE BIDS FOR NEW YORK SUPPORT

By THOMAS L. STOKES
(United Press Staff Correspondent)

New York, Oct. 22.—Herbert Hoover will bring his eastern campaign to its close here in Governor Alfred E. Smith's home city today in a manner strange for presidential candidates but entirely characteristic of him.

The front pages of New York's newspapers tell that he is here, but very few will see him until he appears for his address tonight before 20,000 persons at Madison Square Garden.

The republican presidential candidate was rushed to his hotel last night when he arrived here from Washington at 9:30, without stopping for a demonstration by the crowd which gathered in the Pennsylvania station to see him, but smiling at them, timidly, as he walked hurriedly to a waiting automobile.

Hoover radiated confidence as he came here for his one open bid for New York's support. He told friends he was well satisfied with the progress of the campaign. He sought today in his conferences with republican workers to infuse them with enthusiasm for the final two weeks' drive emphasizing that he is depending upon them.

His visit here will take on the appearance of a real campaign visit tonight when he appears to challenge Smith, before the thousands in Madison Square Garden. Republican leaders told him this meeting would bring his visit to a close in a veritable blaze of republican enthusiasm.

Hoover was up early today, after a good night's rest. He retired soon after his arrival here. He had breakfast this morning with a group of republican leaders, including Daniel E. Pomeroy, vice-chairman of the republican national committee, National Committeeman Charles D. Hilles and State Republican Chairman H. Edmund Machold.

A real outpouring of republican enthusiasm was expected at a luncheon and reception, beginning at 12:30 P. M., at which more than 500 republicans leaders, including county chairmen, are expected.

New York, Oct. 22.—Herbert Hoover expressed confidence today of his election to the presidency as he began a round of conferences with New York state republican leaders.

"I have not the slightest doubt of the outcome of this election if republicans will continue to work," he said at a conference with newspapermen.

"The only danger is over-confidence," Hoover continued. "We've never seen greater unity in the republican party in a quarter of a century than there is at this moment. We have an able organization and more zeal throughout the country for the republican cause than in years."

When asked the reason for his confidence, Hoover replied that it was the activity of workers in the republican cause for republican issues.

The candidate declined to discuss specific issues, but said that the stability and prosperity of the country formed the principal issue of the campaign.

Hoover was asked if he agreed with Chairman Hubert Work of the republican national committee that people were "tired" of the oil leases. "I'm not going to enter into those questions," he said.

Hoover's expression of confidence today was the first public utterance of that nature in his campaign.

After the press conference, he received a number of his associates in European relief work, expressing pleasure at meeting them again. He told them that to them, not him, was due the credit for success of the relief activities.

MRS. U. S. GRANT JR., TO VOTE FOR SMITH

New Orleans, La., Oct. 22.—(UP)—Mrs. Ulysses S. Grant, Jr., wife of the civil war general's son, will vote for Alfred E. Smith, she said in an interview here.

55,000 Railway Express Employees Near Striking

PASSENGER MAY HAVE JAMMED PLANE CONTROLS

Atlantic City, N. J., Oct. 22.—(UP)—W. Octave Chanute, Denver financier, killed in the Junkers plane which fell here last Friday, may have jammed the controls of the airplane and caused the accident, according to a statement dictated at the hospital by George Edward King, pilot of the plane.

King said he did not "know positively" that Chanute, riding in the pilot's cockpit beside him, interfered with the controls, but when asked directly if he thought the accident was due to the Denver banker's interfering with the controls, King replied:

"Yes." Chanute, who died several hours after the accident, was sitting beside King when the plane wavered and fell from an altitude of about 600 feet.

DR. ECKENER FACES PROGRAM IN CHICAGO

PACKED FULL OF HEARTY GREETINGS FROM WINDY CITY

TAKES "SIXTH GERMAN CITY OF THE WORLD" BY STORM

Chicago, Oct. 22.—(UP)—With a colorful demonstration of welcome behind them, Dr. Hugo Eckener, commander of the Graf Zeppelin, and his party face a full program today in responding to the spirit of Chicago's greeting.

Welcomed at the train by a large crowd of citizens and officials, the Zeppelin party took the "sixth German city of the world" by storm.

Their activities today were to start at noon with a visit to Mayor William Hale Thompson. That was to be followed by a boulevard tour, a dinner in the evening and departure for New York at 9 P. M.

The tribute to the airman who brought the giant dirigible safely through an Atlantic storm began last night when they alighted from the train.

"Gut hell"—good health—was the keynote of Chicago's welcome. Thousands of Teutonic blood packed the station, many of them dressed in the garb of their former homelands. Hundreds of flares added color to the scene and outlined the thousands packed between the walls.

"We are highly honored and deeply touched by this welcome which we assume comes not only from the mouth but from the heart," Dr. Eckener said in response to several speeches.

The Graf Zeppelin will leave Lakehurst, N. J., at dawn Thursday and will go as far as Scott Field, Belleville, Ill., an official announcement said. The dirigible will remain over night at Scott Field. Friday it will fly to Chicago, Milwaukee, Detroit, Cleveland, Akron, Buffalo, Niagara Falls, Syracuse, Albany, New York City and Lakehurst.

West Orange, N. J., Oct. 22.—Henry Ford has announced he will not accept Dr. Hugo Eckener's invitation to take a trip on the Graf Zeppelin but added he was anxious to see the big dirigible. Ford and his wife are visiting the family of Thomas A. Edison, at Lilely Park.

Discussing the future of aviation, Ford said:

"We have hardly scratched the surface of aviation and aeronautical invention. I think our present means of mastering the air will be combined. We have three ways of flight now—the helicopter, the plane and the dirigible. I think ultimately there will be combinations of these to insure safe, fast travel."

SECTION OF NEBRASKA PROGRESSIVES ARE OUT FOR SMITH

Omaha, Neb., Oct. 22.—(UP)—At a meeting of progressive Nebraska republicans and former adherents of the late Sen. Robert M. La Follette, a Nebraska branch of the progressive league for Alfred E. Smith was formed here Sunday. City Commissioner Joseph Koutsky, Omaha, a republican, was made state chairman.

790 Joy Seekers Seized in Seven Raids Sunday On Camden Co., N. J., Roadhouses Free Today

WHOLESALE CLEAN-UP OF "NIGHT LIFE"

50 NEW JERSEY STATE POLICE CONDUCTED RAIDS SATURDAY MIDNIGHT

TROOPERS USED 10 MOTORBUSES TO CARRY REVELERS TO POLICE COURTS

Camden, N. J., Oct. 22.—(UP)—Most of the 790 joy seekers seized in seven raids yesterday on Camden county roadhouses, were free today, but badly scared after the wholesale clean-up of "night life" over the week-end.

Fifty New Jersey state police conducted the raids after 12 o'clock Saturday night on roadhouses violating the midnight closing law. The troopers took ten motor buses to carry revelers and proprietors of raided establishments to police courts. Proprietors were held in \$1,000 bail while patrons were held in \$75 bail. Among the arrests were 300 girls and women. Police seized liquor in all but one of the seven cabarets.

MINNESOTA POLITICS CENTERS IN NELSON AND SEN. SHIPSTEAD

Minneapolis, Oct. 22.—(UP)—Interest in Minnesota politics centered today in addresses to be given by Arthur E. Nelson, republican, and Henrik Shipstead, farmer-laborite, candidates for the United States senate, at a noon luncheon here.

Nelson was expected to attempt to draw out his opponent on the prohibition issue and to attempt to question him into revealing his choice between Herbert Hoover and Governor Smith for the presidency. Senator Shipstead has so far ignored Nelson's challenges for debate on the outstanding issues.

The speakers were to draw lots for the privilege of speaking first and Nelson said that if he received the honor he would again question Shipstead on his dry stand. Nelson may ask Senator Shipstead why he has ignored other candidates of both republican and democratic parties.

GUGGENHEIM HEIRS TO MILLIONS ARE KILLED IN FALL

New York, Oct. 22.—(UP)—Formal inquiry was begun today into the deaths of Terrence Waldman, 4, and his brother Benjamin, 11 months, heirs to the Guggenheim millions, killed in a fall from the roof of a 13 story apartment building here last Thursday.

The investigation was ordered after Charles Norris, chief medical examiner, had visited the scene of the tragedy. He refused to comment on the scope of the inquiry but said he would call all available witnesses to learn the details of the case.

The children, sons of Mr. and Mrs. Milton S. Waldman, Jr., fell to their death while on the roof with their mother. They had gone to visit an aunt, Mr. Cornelius Ruxton Love, Jr., who has a penthouse apartment on the roof.

DISSENSION OVER DAMMING LAKES ON BOUNDARY

E. C. OBERHOLTZER OF RANIER, MINN., CONDEMNNS WHOLE PROJECT

DESCRIBES ARGUMENTS OF E. W. BACKUS AS "UTTERLY FALACIOUS"

Minneapolis, Oct. 22.—(UP)—Bitter dissension on the question of damming Minnesota's boundary lakes by the E. W. Backus organization here was reopened with statements by E. C. Oberholtzer, Ranier, Minn., condemning the project and describing arguments of Backus in its favor as "utterly fallacious."

Oberholtzer, who declared that the dams would destroy forests and fail to control floods as claimed by the Backus interests, was answered by Adolph F. Meyer, consulting engineer of the Backus organization. Meyer declared that Oberholtzer "by posing as an expert in the matter joins the ranks of the quacks of medicine, the shysters of law and the impostors of theology."

According to statements made by Oberholtzer, dams constructed by the Backus company in Rainy lake and in Seine river in Ontario have increased the flood hazard, practically destroyed the scenic beauties of the two districts and resulted in the loss of much valuable timber.

SMITH PREPARES FOR SWEEP OF THE ATLANTIC STATES

PACKS GOLF BAG ON SHOULDER. PLAYS GOLF TO GET INTO PHYSICAL TRIM

ON WEDNESDAY STARTS INTENSIVE CAMPAIGN FROM BOSTON TO BALTIMORE

By PAUL R. MALLON
(United Press Staff Correspondent)

Albany, N. Y., Oct. 22.—(UP)—Ignoring the republican invasion of his native state, Gov. Alfred E. Smith packed his golf bags on his shoulder and set out for the links today to get himself in physical trim for a sweep of the Atlantic seaboard.

Starting Wednesday, he will begin an intensive campaign which will carry him from Boston to Baltimore. He will speak in most of the larger cities. He will broadcast at least five and perhaps more addresses over a national alignment. He will wave his brown derby on the route from Massachusetts to Maryland and he confidently expects his effort will bring him the presidency.

His first speech will be in Boston Wednesday night. He is working on that address now, shaping up an appeal to labor based upon his record as governor of New York.

On Thursday he will move on to New York to plan the remainder of his itinerary and it is doubtful whether he will return to Albany before election day two weeks from tomorrow. It is expected he will go to Baltimore for a speech Friday or Saturday, and thereafter speak in Pennsylvania and New Jersey.

His base headquarters probably will be established in New York for the remainder of the campaign so he can keep in close touch with his campaign manager, John J. Raskob, and other campaign officials.

Concentrating on the east now, the governor is satisfied he has done all he could with the west. He has announced his belief that he will carry every state he visited on his second tour—Virginia, North Carolina, Tennessee, Kentucky, Alabama, Missouri, Illinois and Indiana.

"When you keep them in their seats now, they're interested," he said. "It used to be that half of the audience would walk out on a speaker. Nobody walked out on me. They were interested."

The governor finished his strenuous trip in much better physical condition than some other members of the party.

DISCUSS CHRISTIAN UNIFICATION OF THE WORLD

Washington, Oct. 22.—(UP)—The final joint session of the house of bishops and the house of deputies of the Episcopal general convention took for discussion today Christian unification of the world. The church also planned today for the proposed national evangelistic campaign to be launched in 1929.

Unless delayed unexpectedly the conference expects to adjourn by Wednesday. It was reported, however, that two of the four bishops elected Friday to missionary posts will decline to accept. If this action is taken the convention will be forced into an extra day's session.

Bishop Oldham, Albany, N. Y., warned the convention yesterday that patriotism of the 100 per cent American kind is the greatest single danger to peace in the world today.

WILL ATTEMPT TO COMMUNICATE WITH MARS SOON

DR. MANSFIELD ROBINSON STIRS NEW INTEREST IN HIS PROJECT

ASSERTS HE HAS DICTAPHONE RECORD OF MARS' NATIONAL HYMN

By KEITH JONES
(United Press Staff Correspondent)

London, Oct. 22.—Dr. Mansfield Robinson, who will attempt to communicate with Mars by radio on Wednesday, stirred new interest in his project today by asserting he had a dictaphone record on which the national anthem of Mars was recorded.

He placed the record, which he said also contained a Martian love song and the alphabet used on our sister planet, with the National Laboratory for Psychological Research at Kensington.

Robinson said he obtained the record through the co-operation of two women—one on Mars and the other on the earth. The woman on Mars, he said, is "Oonarruru," who guided his ethereal body when it made a trip across the 35,000,000 miles to the planet.

Oonarruru's earthly assistant was Mrs. St. John James, a medium, who is said to have emitted strange noises, including wails, groans and hideous laughter while she was in a trance receiving the message.

On Wednesday Robinson will send a message over the powerful Rugby radio station and then wait a half hour for an answer from Mars. Scientists were divided today on the feasibility of his project and the English people were frankly skeptical.

Prof. A. M. Low, a well known member of England's younger scientific group, added data today on the women of Mars.

Low said he had a friend who had visited Mars, but refused to divulge his name. The friend, Low said, told him the women on Mars had two thumbs on each hand and had telescopic eyes and knew all about the earth.

"I do not believe a message can reach Mars," Low said, "because I doubt whether the radio waves would be able to traverse space beyond the earth's atmosphere. Nevertheless, I approve the test."

Low said it would be possible to communicate with Mars by having a fleet of airplanes lay down a smoke screen 14 miles long and seven miles high. If the Martians have telescopes similar to ours, they could see such a signal, he said.

NEW JAPANESE ENVOY CALLS ON SECY. KELLOGG

Washington, Oct. 22.—(UP)—The new Japanese ambassador, Katsujir Debutchi, called on Secretary of State Kellogg today upon the latter's return from St. Paul, and discussed with him the matter of presenting his credentials to President Coolidge. Kellogg later said no date has yet been set for the presentation.

GOVERNMENT IN ATTEMPT TO MEDIATE CASE

FIRST REQUEST IS TO KEEP THE SITUATION IN STATUS QUO

CHIEF QUESTION IS RECOGNITION OF UNION BY EXPRESS COMPANY

New York Oct. 22.—(UP)—Government aides today moved to settle differences between employees and the American Railway Express Company. The differences, it is said, may lead to a national strike of 55,000 employees.

George A. Cook of the United States mediation board has come to New York. His first request was that both the employee and the express company keep the situation in status quo until some settlement could be made. This course probably will be followed, officials indicated. The chief question is one of recognition of the employees' union by the express company.

Union officials also maintain the company has been unreasonable through discharging several employees who participated in a recent strike of the New York express workers.

POLICE OFFICIAL IS UNDER FIRE

Philadelphia, Oct. 22.—(UP)—After suffering from mental and physical collapse Sunday following hours of questioning before District Attorney John A. Monaghan during the past week, Police James H. Ellison was to be released today from the psychopathic ward of the Philadelphia General hospital.

Ellison, one of the police officials under fire in the special grand jury's investigation of graft and collusion by police with the crime interests, was found Sunday morning by a fireman, wandering about in his underclothing in a dazed condition.

The fireman called an ambulance and took Ellison to the Philadelphia General hospital. A physician at the hospital said Ellison's condition was improved and it was expected he would be discharged today unless he suffered a serious relapse.

OFFICIAL KILLED IN ELEVATOR SHAFT

Washington, Oct. 22.—(UP)—An inquest will be held today into the death last night of Blackburn Esterline, assistant U. S. solicitor general, who was struck by an elevator in the department of justice building.

Esterline is believed to have become impatient when the elevator operator did not answer his summons promptly and peered down the shaft. The cab was descending and struck him on the head.

EFFORTS TO MAKE 'HUMAN TORCH' APPARENTLY FAIL

Savannah, Ga., Oct. 22.—(UP)—Efforts of two men to send Ernest H. Sykes, 30, to his death by converting him into a "human torch" apparently had failed today as Sykes, although badly burned, was expected to recover.

Sykes, lying on a cot in a hospital here last night, told a story of driving his car slowly over a rough country road when surprised by two men who leaped from roadside bushes, one of them with a bucket of gasoline in his hand which he splashed over Sykes.

His assailants then forced him to drive down the road to a lonely spot, he said, where they threw him out of the car and set fire to his oil-soaked clothing. His screams were heard by farmers nearby, who found him rolling in the dirt trying to put out the flames.

After first aid treatment, Sykes was taken to a hospital here. Police immediately opened investigation, although Sykes could give them no reason for the attack and was uncertain about the identity of his assailants.

Bert Hassell (left) and Parker Cramer (right), seated with Major Reed Landis after their arrival in Chicago from the East. Throngs of admirers from Rockford, Chicago and all sections of the Middle West met the air heroes at the railway station and later crowded around their auto to get a glimpse of them and shake their hands. The Rockford fliers recently attempted a three-stop flight from their home town to Sweden, and were given up for dead when they came down in Greenland and wandered about the ice wastes there for almost two weeks.

HOOVER SPEAKS AT NEW YORK CITY TONIGHT

BRINGS HIS CAMPAIGN IN EAST TO CLOSE

VERY FEW TO SEE HIM UNTIL HE FACES AUDIENCE AT MADISON SQUARE GARDEN

HOOVER RADIATES CONFIDENCE AS HE BIDS FOR NEW YORK SUPPORT

By THOMAS L. STOKES
(United Press Staff Correspondent)
New York, Oct. 22.—Herbert Hoover will bring his eastern campaign to its close here in Governor Alfred E. Smith's home city today in a manner strange for presidential candidates but entirely characteristic of him.

The front pages of New York's newspapers tell that he is here, but very few will see him until he appears for his address tonight before 20,000 persons at Madison Square Garden.

The republican presidential candidate was rushed to his hotel last night when he arrived here from Washington at 9:30, without stopping for a demonstration by the crowd which gathered in the Pennsylvania station to see him, but smiling at them, timidly, as he walked hurriedly to a waiting automobile.

Hoover radiated confidence as he came here for his one open bid for New York's support. He told friends he was well satisfied with the progress of the campaign. He sought today in his conferences with republican workers to infuse them with enthusiasm for the final two weeks' drive emphasizing that he is depending upon them.

His visit here will take on the appearance of a real campaign visit tonight when he appears to challenge Smith, before the thousands in Madison Square Garden. Republican leaders told him this meeting would bring his visit to a close in a veritable blaze of republican enthusiasm.

Hoover was up early today, after a good night's rest. He retired soon after his arrival here. He had breakfast this morning with a group of republican leaders, including Daniel E. Pomeroy, vice-chairman of the republican national committee, National Committeeman Charles D. Hilles and State Republican Chairman H. Edmund Machold.

A real outpouring of republican enthusiasm was expected at a luncheon and reception, beginning at 12:30 P. M., at which more than 500 republican leaders, including county chairmen, are expected.

New York, Oct. 22.—Herbert Hoover expressed confidence today of his election to the presidency as he began a round of conferences with New York state republican leaders. "I have not the slightest doubt of the outcome of this election if republicans will continue to work," he said at a conference with newspapermen.

"The only danger is over-confidence," Hoover continued. "We've never seen greater unity in the republican party in a quarter of a century than there is at this moment. We have an able organization and more zeal throughout the country for the republican cause than in years."

When asked the reason for his confidence, Hoover replied that it was the activity of workers in the republican cause for republican issues.

The candidate declined to discuss specific issues, but said that the stability and prosperity of the country formed the principal issue of the campaign.

Hoover was asked if he agreed with Chairman Hubert Work of the republican national committee that people were "tired" of the oil leases. "I'm not going to enter into those questions," he said.

Hoover's expression of confidence today was the first public utterance of that nature in his campaign.

After the press conference, he received a number of his associates in European relief work, expressing pleasure at meeting them again. He told them that to them, not him, was due the credit for success of the relief activities.

MRS. U. S. GRANT JR., TO VOTE FOR SMITH

New Orleans, La., Oct. 22.—(UP)—Mrs. Ulysses S. Grant, Jr., wife of the civil war general's son, will vote for Alfred E. Smith, she said in an interview here.

55,000 Railway Express Employees Near Striking

PASSENGER MAY HAVE JAMMED PLANE CONTROLS

Atlantic City, N. J., Oct. 22.—(UP)—W. Octave Chanute, Denver financier, killed in the Junkers plane which fell here last Friday, may have jammed the controls of the airplane and caused the accident, according to a statement dictated at the hospital by George Edward King, pilot of the plane. King said he did not "know positively" that Chanute, riding in the pilot's cockpit beside him, interfered with the controls, but when asked directly if he thought the accident was due to the Denver banker's interfering with the controls, King replied:

"Yes." Chanute, who died several hours after the accident, was sitting beside King when the plane wavered and fell from an altitude of about 600 feet.

DR. ECKENER FACES PROGRAM IN CHICAGO

PACKED FULL OF HEARTY GREETINGS FROM WINDY CITY

TAKES "SIXTH GERMAN CITY OF THE WORLD" BY STORM

Chicago, Oct. 22.—(UP)—With a colorful demonstration of welcome behind them, Dr. Hugo Eckener, commander of the Graf Zeppelin, and his party face a full program today in responding to the spirit of Chicago's greeting.

Welcomed at the train by a large crowd of citizens and officials, the Zeppelin party took the "sixth German city of the world" by storm.

Their activities today were to start at noon with a visit to Mayor William Hale Thompson. That was to be followed by a boulevard tour, a dinner in the evening and departure for New York at 9 P. M.

The tribute to the airmen who brought the giant dirigible safely through an Atlantic storm began last night when they alighted from the train.

"Gut heil"—good health—was the keynote of Chicago's welcome. Thousands of Teutonic blood packed the station, many of them dressed in the garb of their former homelands. Hundreds of flares added color to the scene and outlined the thousands packed between the walls.

"We are highly honored and deeply touched by this welcome which we assume comes not only from the mouth but from the heart," Dr. Eckener said in response to several speeches.

The Graf Zeppelin will leave Lakehurst, N. J., at dawn Thursday and will go as far as Scott Field, Belleville, Ill., an official announcement said. The dirigible will remain over night at Scott Field. Friday it will fly to Chicago, Milwaukee, Detroit, Cleveland, Akron, Buffalo, Niagara Falls, Syracuse, Albany, New York City and Lakehurst.

West Orange, N. J., Oct. 22.—Henry Ford has announced he will not accept Dr. Hugo Eckener's invitation to take a trip on the Graf Zeppelin but added he was anxious to see the big dirigible. Ford and his wife are visiting the family of Thomas A. Edison, at Lilelyn Park.

Discussing the future of aviation, Ford said: "We have hardly scratched the surface of aviation and aeronautical invention. I think our present means of mastering the air will be combined. We have three ways of flight now—the helicopter, the plane and the dirigible. I think ultimately there will be combinations of these to insure safe, fast travel."

SECTION OF NEBRASKA PROGRESSIVES ARE OUT FOR SMITH

Omaha, Neb., Oct. 22.—(UP)—At a meeting of progressive Nebraska republicans and former adherents of the late Sen. Robert M. La Follette, a Nebraska branch of the progressive league for Alfred E. Smith was formed here Sunday. City Commissioner Joseph Koutsy, Omaha, a republican, was made state chairman.

790 Joy Seekers Seized in Seven Raids Sunday On Camden Co., N. J., Roadhouses Free Today

WHOLESALE CLEAN-UP OF "NIGHT LIFE"

50 NEW JERSEY STATE POLICE CONDUCTED RAIDS SATURDAY MIDNIGHT

TROOPERS USED 10 MOTORBUSES TO CARRY REVELERS TO POLICE COURTS

Camden, N. J., Oct. 22.—(UP)—Most of the 790 joy seekers seized in seven raids yesterday on Camden county roadhouses, were free today, but badly scared after the wholesale clean-up of "night life" over the weekend.

Fifty New Jersey state police conducted the raids after 12 o'clock Saturday night on roadhouses violating the midnight closing law. The troopers took ten motor buses to carry revelers and proprietors of raided establishments to police courts. Proprietors were held in \$1,000 bail while patrons were held in \$75 bail. Among the arrests were 300 girls and women. Police seized liquor in all but one of the seven cabarets.

MINNESOTA POLITICS CENTERS IN NELSON AND SEN. SHIPSTEAD

Minneapolis, Oct. 22.—(UP)—Interest in Minnesota politics centered today in addresses to be given by Arthur E. Nelson, republican, and Henrik Shipstead, farmer-laborite, candidates for the United States senate, at a noon luncheon here.

Nelson was expected to attempt to draw out his opponent on the prohibition issue and to attempt to question him into revealing his choice between Herbert Hoover and Governor Smith for the presidency. Senator Shipstead has so far ignored Nelson's challenges for debate on the outstanding issues.

The speakers were to draw lots for the privilege of speaking first and Nelson said that if he received the honor he would again question Shipstead on his dry stand. Nelson may ask Senator Shipstead why he has ignored other candidates of both republican and democratic parties.

GUGGENHEIM HEIRS TO MILLIONS ARE KILLED IN FALL

New York, Oct. 22.—(UP)—Formal inquiry was begun today into the deaths of Terrence Waldman, 4, and his brother Benjamin, 14 months, heirs to the Guggenheim millions, killed in a fall from the roof of a 13 story apartment building here last Thursday.

The investigation was ordered after Charles Norris, chief medical examiner, had visited the scene of the tragedy. He refused to comment on the scope of the inquiry but said he would call all available witnesses to learn the details of the case.

The children, sons of Mr. and Mrs. Milton S. Waldman, Jr., fell to their death while on the roof with their mother. They had gone to visit an aunt, Mr. Cornelius Ruxton Love, Jr., who has a penthouse apartment on the roof.

DISSENSION OVER DAMMING LAKES ON BOUNDARY

E. C. OBERHOLTZER OF RANIER, MINN., CONDEMNNS WHOLE PROJECT

DESCRIBES ARGUMENTS OF E. W. BACKUS AS "UTTERLY FALACIOUS"

Minneapolis, Oct. 22.—(UP)—Bitter dissension on the question of damming Minnesota's boundary lakes by the E. W. Backus organization here was reopened with statements by E. C. Oberholtzer, Ranier, Minn., condemning the project and describing arguments of Backus in its favor as "utterly fallacious."

Oberholtzer, who declared that the dams would destroy forests and fall to control floods as claimed by the Backus interests, was answered by Adolf F. Meyer, consulting engineer of the Backus organization. Meyer declared that Oberholtzer "by posing as an expert in the matter joins the ranks of the quacks of medicine, the shysters of law and the imposters of theology."

According to statements made by Oberholtzer, dams constructed by the Backus company in Rainy lake and in Seine river in Ontario have increased the flood hazard, practically destroyed the scenic beauties of the two districts and resulted in the loss of much valuable timber.

SMITH PREPARES FOR SWEEP OF THE ATLANTIC STATES

PACKS GOLF BAG ON SHOULDER, PLAYS GOLF TO GET INTO PHYSICAL TRIM

ON WEDNESDAY STARTS INTENSIVE CAMPAIGN FROM BOSTON TO BALTIMORE

By PAUL R. MALLON
(United Press Staff Correspondent)
Albany, N. Y., Oct. 22.—(UP)—Ignoring the republican invasion of his native state, Gov. Alfred E. Smith packed his golf bags on his shoulder and set out for the links today to get himself in physical trim for a sweep of the Atlantic seaboard.

Starting Wednesday, he will begin an intensive campaign which will carry him from Boston to Baltimore. He will speak in most of the larger cities. He will broadcast at least five and perhaps more addresses over a national alignment. He will wave his brown derby on the route from Massachusetts to Maryland and he confidently expects his effort will bring him the presidency.

His first speech will be in Boston Wednesday night. He is working on that address now, shaping up an appeal to labor based upon his record as governor of New York.

On Thursday he will move on to New York to plan the remainder of his itinerary and it is doubtful whether he will return to Albany before election day two weeks from tomorrow. It is expected he will go to Baltimore for a speech Friday or Saturday, and thereafter speak in Pennsylvania and New Jersey.

His base headquarters probably will be established in New York for the remainder of the campaign so he can keep in close touch with his campaign manager, John J. Raskob, and other campaign officials.

Concentrating on the east now, the governor is satisfied he has done all he could with the west. He has announced his belief that he will carry every state he visited on his second tour—Virginia, North Carolina, Tennessee, Kentucky, Alabama, Missouri, Illinois and Indiana.

"When you keep them in their seats now, they're interested," he said. "It used to be that half of the audience would walk out on a speaker. Nobody walked out on me. They were interested."

The governor finished his strenuous trip in much better physical condition than some other members of the party.

DISCUSS CHRISTIAN UNIFICATION OF THE WORLD

Washington, Oct. 22.—(UP)—The final joint session of the house of bishops and the house of deputies of the Episcopal general convention took for discussion today Christian unification of the world. The church also planned today for the proposed national evangelistic campaign to be launched in 1929.

Unless delayed unexpectedly the conference expects to adjourn by Wednesday. It was reported, however, that two of the four bishops elected Friday to missionary posts will decline to accept. If this action is taken the convention will be forced into an extra day's session.

Bishop Oldham, Albany, N. Y., warned the convention yesterday that patriotism of the 100 per cent American kind is the greatest single danger to peace in the world today.

WILL ATTEMPT TO COMMUNICATE WITH MARS SOON

DR. MANSFIELD ROBINSON STIRS NEW INTEREST IN HIS PROJECT

ASSERTS HE HAS DICTAPHONE RECORD OF MARS' NATIONAL HYMN

By KEITH JONES
(United Press Staff Correspondent)

London, Oct. 22.—Dr. Mansfield Robinson, who will attempt to communicate with Mars by radio on Wednesday, stirred new interest in his project today by asserting he had a dictaphone record on which the national anthem of Mars was recorded.

He placed the record, which he said also contained a Martian love song and the alphabet used on our sister planet, with the National Laboratory for Psychological Research at Kensington.

Robinson said he obtained the record through the co-operation of two women—one on Mars and the other on the earth. The woman on Mars, he said, is "Oonaruru," who guided his ethereal body when it made a trip across the 35,000,000 miles to the planet.

Oonaruru's earthly assistant, was Mrs. St. John James, a medium, who is said to have emitted strange noises, including wails, groans and hideous laughter while she was in a trance receiving the message.

On Wednesday Robinson will send a message over the powerful Rugby radio station and then wait a half hour for an answer from Mars. Scientists were divided today on the feasibility of his project and the English people were frankly skeptical.

Prof. A. M. Low, a well known member of England's younger scientific group, added data today on the women of Mars.

Low said he had a friend who had visited Mars, but refused to divulge his name. The friend, Low said, told him the women on Mars had two thumbs on each hand and had telescopic eyes and knew all about the earth.

"I do not believe a message can reach Mars," Low said, "because I doubt whether the radio waves would be able to traverse space beyond the earth's atmosphere. Nevertheless, I approve the test."

Low said it would be possible to communicate with Mars by having a fleet of airplanes lay down a smoke screen 14 miles long and seven miles high. If the Martians have telescopes similar to ours, they could see such a signal, he said.

NEW JAPANESE ENVOY CALLS ON SECY. KELLOGG

Washington, Oct. 22.—(UP)—The new Japanese ambassador, Katsujirō Dehuchi, called on Secretary of State Kellogg today upon the latter's return from St. Paul, and discussed with him the matter of presenting his credentials to President Coolidge. Kellogg later said no date has yet been set for the presentation.

GOVERNMENT IN ATTEMPT TO MEDIATE CASE

FIRST REQUEST IS TO KEEP THE SITUATION IN STATUS QUO

CHIEF QUESTION IS RECOGNITION OF UNION BY EXPRESS COMPANY

New York Oct. 22.—(UP)—Government aides today moved to settle differences between employees and the American Railway Express Company. The differences, it is said, may lead to a national strike of 55,000 employees.

George A. Cook of the United States mediation board has come to New York. His first request was that both the employees and the express company keep the situation in status quo until some settlement could be made. This course probably will be followed, officials indicated. The chief question is one of recognition of the employees' union by the express company.

Union officials also maintain the company has been unreasonable through discharging several employees who participated in a recent strike of the New York express workers.

POLICE OFFICIAL IS UNDER FIRE

Philadelphia, Oct. 22.—(UP)—After suffering from mental and physical collapse Sunday following hours of questioning before District Attorney John A. Monaghan during the past week, Police James H. Ellison was to be released today from the psychopathic ward of the Philadelphia General hospital.

Ellison, one of the police officials under fire in the special grand jury's investigation of graft and collusion by police with the crime interests, was found Sunday morning by a fireman, wandering about in his underclothing in a dazed condition.

The fireman called an ambulance and took Ellison to the Philadelphia General hospital. A physician at the hospital said Ellison's condition was improved and it was expected he would be discharged today unless he suffered a serious relapse.

OFFICIAL KILLED IN ELEVATOR SHAFT

Washington, Oct. 22.—(UP)—An inquest will be held today into the death last night of Blackburn Esterline, assistant U. S. solicitor general, who was struck by an elevator in the department of justice building.

Esterline is believed to have become impatient when the elevator operator did not answer his summons promptly and peered down the shaft. The cab was descending and struck him on the head.

EFFORTS TO MAKE 'HUMAN TORCH' APPARENTLY FAIL

Savannah, Ga., Oct. 22.—(UP)—Efforts of two men to send Ernest H. Sykes, 30, to his death by converting him into a "human torch" apparently had failed today as Sykes, although badly burned, was expected to recover.

Sykes, lying on a cot in a hospital here last night, told a story of driving his car slowly over a rough country road when surprised by two men who leaped from roadside bushes, one of them with a bucket of gasoline in his hand which he splashed over Sykes.

His assailants then forced him to drive down the road to a lonely spot, he said, where they threw him out of the car and set fire to his oil-soaked clothing. His screams were heard by farmers nearby, who found him rolling in the dirt trying to put out the flames.

After first aid treatment, Sykes was taken to a hospital here. Police immediately opened investigation, although Sykes could give them no reason for the attack and was uncertain about the identity of his assailants.

ROCKFORD FLIERS RECEIVE OVATION IN CHICAGO

Bert Hassell (left) and Parker Cramer (right), seated with Major Reed Landis after their arrival in Chicago from the East. Throngs of admirers from Rockford, Chicago and all sections of the Middle West met the air heroes at the railway station and later crowded around their auto to get a glimpse of them and shake their hands. The Rockford fliers recently attempted a three-stop flight from their home town to Sweden, and were given up for dead when they came down in Greenland and wandered about the ice wastes there for almost two weeks.

Other People's Opinions

Communications are not to exceed 500 words. All must be signed, and will be published with name of writer.

Express Appreciation and Thanks To the Editor of the Dispatch, Brainerd, Minn.
Dear Sir:

Pastor, officers and the whole congregation of the First Presbyterian church unite most heartily to express their high appreciation of the eight page supplement in the Daily Dispatch issue of Saturday night, October 20, giving publicity to the church dedication.

To the management who so generously undertook the publication, to the news editor John A. Hoffbauer who compiled it and all who united their energies with his to bringing to completion the beautiful edition, we express our thanks.

Pastor, Officers and Congregation of the First Presbyterian Church.

Bethany Men's Birthday Club

The Men's Birthday club of the Swedish Bethany church has been postponed for one week, so as to give the members an opportunity to hear Gov. Theodore Christianson speak at the First Presbyterian church tonight. The club will meet next Monday, October 29, at the home of Albert O. Anderson, 607 Third Avenue Northeast.

To Aid Family

The Salvation Army is desirous of getting a bed, and bed clothing, and old pieces of furniture for a worthy family in Brainerd. Anyone having anything to donate, kindly call 1158.

At Clara Lutheran Church
There will be special services this evening and tomorrow evening at the Clara Lutheran church. Both services start at 7:45 P. M.

ANNOUNCES MANY SMITH-ROBINSON CLUBS IN STATE

Baptist Mission Ladies Aid Meeting Postponed

The Baptist Mission ladies aid meeting has been postponed a week.

There Is No Reform

The trouble with reform is that every one insists upon it, and there is none. It is natural for us to muddle along as we have been muddling along for ages, and nature cannot be reformed at wholesale. An individual may accomplish a little reform for himself, but not for others.—E. W. Howe's Monthly.

SENATOR ROBINSON TO CLOSE HIS TOUR

Lincoln, Neb., Oct. 22.—(UP)—Senator Joseph T. Robinson, democratic nominee for the vice-presidency, will close his tour of Nebraska here tonight with a speech on farm relief.

Robinson came here yesterday from Hastings and spent the day resting. His only activity was a short automobile ride which included a visit to the former home of William Jennings Bryan, now the Bryan Memorial hospital.

Robinson will stress farm relief tonight in an attempt to put the Nebraska farm vote in the democratic column once and for all. He also will bid for the women's vote.

He will speak Tuesday night in Sioux City, Wednesday in Sioux Falls, S. D., and Willmar, Minn., and in Fargo, N. D., Thursday. Friday will see him in Duluth and Saturday night in Des Moines.

MINNEAPOLIS STAR ANNOUNCES SUPPORT OF HERBERT HOOVER

Minneapolis, Oct. 22.—(UP)—The Minneapolis Daily Star, one of the leading newspapers of Minnesota, which has heretofore maintained an impartial attitude on the presidential race, today announced it would support Herbert Hoover.

The Star declared in an editorial that it believed Hoover's election would "assure prosperity for the northwest."

The editorial also advocated the re-election of Senator Henrik Shipstead, farmer-labor candidate.

WHERE THREE CITY FIRE COMPANIES FOUGHT BLAZE

Ruins of the Rialto Theater in Aurora, Ill., which was destroyed by fire that threatened the entire downtown district and necessitated the enlistment of fire companies from Joliet and Elgin. The fire, which originated in the basement of the building, had burned through into the theater before it was discovered. Even though the three departments prevented the spread of the flames, the damage to the theater and to the building tenants amounted to over \$300,000.

attended the Minnesota-Chicago football game Saturday.

Russell Fitzsimmons, Carney Peterson, Ray Vogel and Chester Benson returned last night from a week end trip to Ortonville, where they hunted Chinese pheasants and visited at the home of Oliver Benson.

Smith-Robinson League of First Voters

A Smith-Robinson League of First Voters will be organized on Tuesday evening at 8 o'clock at the democratic headquarters. All young voters are invited to attend the meeting.

BRAINERD 25 YEARS AGO

From the Daily Dispatch

October 22, 1903

Harry O'Brien has accepted a position as a traveling salesman for the Robinson-Gamble Commission company of St. Paul and will leave for St. Paul tonight. He has been selling apples on his own account the last month or two.

A party consisting of J. R. Smith, N. H. Ingersoll, J. L. Smith and I. N. Smith left for the Backus camp this morning for a few days hunting.

Mrs. Benjamin and Mrs. Swartz entertained a party of friends in the home of the former in East Brainerd.

J. J. Howe is in Minneapolis. He was at the sale of timberland held by State Auditor Iverson yesterday.

Mrs. A. A. Anderson returned this afternoon from Alexandria, where she has been visiting for a short time.

The meeting of tailors for tonight for the purpose of organizing a union, is intended for those who work at the trade but who are not proprietors of shops.

C. N. Parker returned from a business trip to the Twin Cities this afternoon.

R. F. Walters, the Sixth street shoe man, is in Minneapolis on business.

Rev. S. W. Hoyer yesterday afternoon united in marriage Arthur Heath and Sarah Wilson, at the home of the bride in the mill district.

D. Mahoney has taken a position with J. F. Hawkins as deliveryman.

Other People's Opinions

Communications are not to exceed 500 words. All must be signed, and will be published with name of writer.

Express Appreciation and Thanks To the Editor of the Dispatch, Brainerd, Minn.

Pastor, officers and the whole congregation of the First Presbyterian church unite most heartily to express their high appreciation of the eight page supplement in the Daily Dispatch issue of Saturday night, October 20, giving publicity to the church dedication.

To the management who so generously undertook the publication, to the news editor John A. Hoffbauer who compiled it and all who united their energies with his to bringing to completion the beautiful edition, we express our thanks.

Pastor, Officers and Congregation of the First Presbyterian Church.

Bethany Men's Birthday Club

The Men's Birthday club of the Swedish Bethany church has been postponed for one week, so as to give the members an opportunity to hear Gov. Theodore Christianson speak at the First Presbyterian church tonight. The club will meet next Monday, October 29, at the home of Albert O. Anderson, 607 Third Avenue Northeast.

To Aid Family

The Salvation Army is desirous of getting a bed, and bed clothing, and old pieces of furniture for a worthy family in Brainerd. Anyone having anything to donate, kindly call 1158.

At Clara Lutheran Church

There will be special services this evening and tomorrow evening at the Clara Lutheran church. Both services start at 7:45 P. M.

ANNOUNCES MANY SMITH-ROBINSON CLUBS IN STATE

St. Paul, Oct. 22.—(UP)—Hubert H. D'Auremont, chairman of the democratic state central committee, announced today that there were now more than 2,500 Smith-Robinson clubs in Minnesota with a membership in excess of 200,000.

SENATOR ROBINSON TO CLOSE HIS TOUR

Lincoln, Neb., Oct. 22.—(UP)—Senator Joseph T. Robinson, democratic nominee for the vice-presidency, will close his tour of Nebraska here tonight with a speech on farm relief.

Robinson came here yesterday from Hastings and spent the day resting. His only activity was a short automobile ride which included a visit to the former home of William Jennings Bryan, now the Bryan Memorial hospital.

Robinson will stress farm relief tonight in an attempt to put the Nebraska farm vote in the democratic column once and for all. He also will bid for the women's vote.

He will speak Tuesday night in Sioux City, Wednesday in Sioux Falls, S. D., and Willmar, Minn., and in Fargo, N. D., Thursday. Friday will see him in Duluth and Saturday night in Des Moines.

MINNEAPOLIS STAR ANNOUNCES SUPPORT OF HERBERT HOOVER

Minneapolis, Oct. 22.—(UP)—The Minneapolis Daily Star, one of the leading newspapers of Minnesota, which has heretofore maintained an impartial attitude on the presidential race, today announced it would support Herbert Hoover.

The Star declared in an editorial that it believed Hoover's election would "assure prosperity for the northwest."

The editorial also advocated the re-election of Senator Henrik Shipstead, farmer-labor candidate.

Frank A. Tardy Breaks Jail at Grand Rapids; Believed Headed This Way

CUT BARS OF JAIL CELL

Officers Believe Accomplice Smuggled Tools Into Building; State Joins in Hunt

County and city police authorities joined in a manhunt over the week end for Frank A. Tardy, formerly of Bemidji and Brainerd who broke jail at Grand Rapids early Saturday evening where he was being held pending trial in connection with the slaying of a Pillager store watchman in a night robbery last year.

Word was sent here immediately after the escape with the belief that Tardy may have headed this way in a car driven by an accomplice. No trace of Tardy was found in Crow Wing county early Sunday morning on investigation. All roads leading through the county were watched carefully.

Tardy made his break Saturday night by cutting away the bars of his jail cell with tools which were believed to have been smuggled into the building by accomplices.

More than 100 Itasca county deputized sheriffs took up the hunt as soon as the jail break was detected but Tardy escaped in the darkness. Tardy was arrested October 5 in Superior for complicity in the murder of Watchman Olson.

Lee Hendrickson, Tardy's alleged companion is now serving a seven to 30 years sentence at Stillwater for his share in the crime.

Lady Drummond May (left) and Karl von Wiegand, the only journalists to make the trip to the "Red States in the Graf Zeppelin."

Commander Von Schiller (left) and Captain Ernest Lehmann, aides to Dr. Hugo Eckener, and charged with navigating the super-dirigible safely from Friedrichshafen to Lakehurst (N. J.) Naval Air Station.

It is said that tennis is the most popular game in France. Boys begin learning the game as early as seven and eight years of age.

USE POETRY IN CAMPAIGN

Governor Roland B. Hartley Waged Strenuous Campaign in State of Washington

Governor Roland B. Hartley waged a strenuous campaign in the state of Washington when he was a candidate for re-election. Here is some poetry that was used in a big political advertisement in The Tacoma Ledger on September 10:

"HARTLEY"

I love you, Governor Hartley, for the enemies you've made,
And for the dauntless courage that can meet them unafraid;

You've none too sweet a temper, and I don't like all you do.

But because of those who hate you, Mister Hartley, I'm for you.

I never voted for you, when your campaign talks were hot,

For I thought you but another of the rotten, crooked lot;

But when I read some papers—and see just what they do

And because they do not like you, Roland Hartley, I'm for you.

The cement crowd is against you, with the power trust as well,

And some public contract grafters with their allied scum of hell,

Little crooked politicians curse until the air is blue;

It's because of those who hate you, that I'm going strong for you.

Now the land board doesn't like you—you disturb their little game,

You annoy our road committee, also other so they claim;

And you ask so many questions 'bout the many things they do

That it makes them quite embarrassed, Mr. Hartley, I'm for you.

Still, I love you, Governor Hartley—you have made a gallant fight,

And from what I know about it, I am sure that you are right.

Yet it's not your friendly manners nor the things that you can do,

But the crooked bunch that hates you, makes me very fond of you.

F. R. WHITNEY.

GEORGE BANCROFT IN THE PARAMOUNT PICTURE "THE DOCKS OF NEW YORK"

George Bancroft, dramatic star of Paramount pictures opens tonight at the Lyceum in his latest Paramount production: "The Docks of New York." The film was directed by Josef von Sternberg who directed Bancroft in two of his greatest successes: "Underworld" and "The Drage Net." Included in the supporting cast is Betty Compson, who has the leading role opposite the star. Others in the cast are Bacalanova, Clyde Cook and Mitchell Lewis.

Imported Pests

Most of the trouble that has been caused by the ravages of certain species of wild life is traced directly to those which have been imported to this country from other continents. Examples of this are the German carp, the English sparrow, and to a certain extent the Chinese pheasant.

DE MILLE'S BIG FILM IS COMING

Famous Screen Version of Life of Jesus to be on View at Lyceum Theatre

REVIEWERS PRAISE IT

Picture Was Shown With Extraordinary Success in This Country and Abroad

In response to many requests from his patrons, Manager Hiller, of the Lyceum theatre, has booked Cecil B. De Mille's production, "The King of Kings," for a three days' showing beginning on Wednesday. This is the picture that was presented to crowded audiences for six months at the Gaiety theatre, New York. It enjoyed exceedingly successful runs in Chicago, Boston, Philadelphia, Los Angeles, and many other cities in this country and abroad.

In filming this wonderful story of Christ, Mr. De Mille displayed daring, the work being even more venturesome than his "The Ten Commandments" and the pitfalls many. The unanimous praise of the reviewers in all the metropolitan centers indicates that his effort proved successful. He employed all his own personal resources and exhausted the new and old technic of the screen. He was aided in the work by representatives of many faiths and research scholars of authority. Miss Jeanie Macpherson, the scenarist, is said to have wrought a more finely constructed story than that of "The Ten Commandments."

Among the eighteen stars of the production are such favorites as H. B. Warner, Jacqueline Logan, Rudolph and Joseph Schildkraut, Victor Varconi, William Boyd, Montagu Love, George Siegmann, Theodore Kosloff, Julia Faye, Robert Edeson, Sam De Grasse. In fact, the cast of principals is a roster of eminent names in pictures. Approximately \$2,500,000 is said to have been expended on the production. As the actors embody the cherished characters of the New Testament narrative, so the hundred great sets faithfully realize the scenes in the life of Jesus.

The picture was shown with extraordinary success in this country and abroad and it won the commendation of press and public alike. Its beauty and charm evoked the general praise.

Commander C. E. Rosendahl, U. S. N. (left), who was the guest of Dr. Hugo Eckener, designer and builder of the Graf Zeppelin, on trip across the Atlantic.

NEED OF HELP—CALL 74

Stem-Rust Spores in Barberry Bush

Common Plant May Produce 64,000,000,000 in Course of One Year.

(Prepared by the United States Department of Agriculture.)

Calculating the possibilities of the barberry bush as a source of stem rust in wheat has carried investigators of the United States Department of Agriculture into mathematical multiplications that are beyond the reading capacity of the man whose arithmetical tables may have stopped with billions or trillions. Lynn D. Hutton, of the bureau of plant industry, says that a common barberry bush 6 to 8 feet high may produce more than 64,000,000,000 stem-rust spores in a single year.

Spores Are Small.

These spores are extremely small and may be carried by the wind. Each one that alights on a grain or grass plant may produce a rust pustule which contains 200,000 red or summer-rust spores, and any one of these alighting on a grain plant may again multiply itself by about 200,000 within a week or ten days. Just assuming that each spore from the original bush lodged favorably and multiplied, the number of rust spores in the second generation of red rust would be expressed by 256 followed by 19 zeros, besides which the number of cents in all the European war debts combined would make comparatively easy reading.

Grain Loss Is Big.

Four or five additional generations may be produced in a year favorable to rust spread. Fortunately for our food supply only a small percentage of these spores ever actually germinate and damage the small grains. Those that do live, however, are responsible for an average annual loss of 50,000,000 bushels of small grains in the upper Mississippi valley states.

How many barberry bushes may remain as sources of infection is not known. Many have been destroyed as farmers have realized how dangerous they are, but many have not yet been reached. Each one remaining is a source of danger.

GAS TAX AMENDMENT

IN response to many requests from all sections of the state for unbiased information regarding Constitutional Amendment No. 1 (the Gas Tax Amendment) the Minnesota Motor Trades Association has prepared the accompanying impartial analysis of this measure, which will be submitted to the voters of Minnesota at the forthcoming general election. Since the proposed Amendment will exert such far-reaching influence on the transportation, development and the general prosperity and welfare of the state, every voter should give serious consideration to the facts herein set forth.

In brief, Amendment No. 1 provides that one-third of the present state gas tax, of 2c, shall be diverted from the State Trunk Highway Fund to the State Road and Bridge Fund and distributed among the 87 counties of the state, to be expended by their 435 county commissioners on State Aid Roads in their respective districts.

The total amount to be distributed, based upon the 1927 gas tax receipts, approximates \$1,800,000. This means that each county would receive approximately \$18,000, excepting Hennepin, Ramsey, and St. Louis Counties, which would be entitled to as much as \$54,000 each. This is in accordance with the State Road and Bridge Fund law which provides that not less than 1%, nor more than 3%, of the fund shall be given to any one county.

Under the law this money would be available only for work on State Aid Roads, totaling 14,423 miles, and not on township and other roads, which total 88,800 miles. It would not be given to the counties unconditionally, even for State Aid Roads, since the law provides that every county must itself contribute a portion of the money to be spent upon State Aid Roads. In counties where the assessed valuation exceeds \$15,000,000, the county must match State Aid dollar for dollar; where the valuation is from \$10,000,000 to \$15,000,000, the county must pay 40%; from \$5,000,000 up to \$10,000,000 the county pays 30%; less than \$5,000,000 the county pays 20%. There are only ten counties in the last named class.

If the Amendment were adopted, the funds available for grading, paving and maintaining the State Trunk Highways would be reduced by the amount awarded to the counties, or approximately \$1,800,000. In other words, no additional money would be raised, but this sum would be diverted from one class of roads and applied to another class.

Regardless of all other considerations, this would retard the permanent improvement of the 7,000 miles of State Trunk Highways, and reduce the money available for maintaining these roads, which carry about 70% of all the vehicular traffic of the state.

This would aggravate a condition which is already acute, since even present revenues are insufficient to improve and maintain trunk highways on the scale desired by the communities through which they pass, and to make possible the economies which would accrue if additional funds were available to accelerate the improvements being urgently demanded. The sum which it is proposed to deduct from the funds available for trunk highways, represents the cost of 72 miles of paving at \$25,000 per mile. If it were found that the entire \$1,800,000 should have to be deducted at the expense of paving, then Minnesota's present small average of 104 miles of paving per year would be reduced to 32 miles per year. At that rate it would require several decades to pave the heavily traveled main roads which people of the counties and towns they serve are urgently demanding be paved at once. With travel constantly increasing, the demand grows for additional paving to expedite traffic and economize on road maintenance. Minnesota already has fallen behind many states in the number of miles of highways permanently improved each year.

Every county has one or more roads, now maintained by local taxpayers, which they would like to have added to the State Trunk Highway system at the first opportunity so that they might be improved and maintained out of the automobile license and gas tax fund instead of through local taxation as at present. If the proposed amendment were adopted, the merging of these roads into the State Highway system would be delayed in direct ratio to the increase in automobile traffic and the shrinkage of the State Trunk Highway Fund.

There exists in the plan the possibility that each of the 435 districts which the county commissioners represent would claim one-fifth of the sum for which his county might qualify. Thus the approximate total of \$1,800,000 it is proposed to take from the State Trunk Highway Fund might conceivably, and probably would be, divided into such small bits that the net result in highway improvement would be negligible, while at the same time the development of the State Trunk Highway system would be seriously retarded.

This is a complete and impartial review of the facts regarding the provisions and effects of Amendment No. 1.

It is up to the voters in each community to decide whether their desire for improved highways would be more surely, more quickly and more economically realized through dividing the sum of \$1,800,000 among the 87 counties, or by leaving it in the State Highway Fund to be utilized in grading, paving and maintaining the trunk highways, which census records show are the most heavily traveled roads and which are likewise the most important arteries in every section and county of the state.

The Minnesota Highway Department has demonstrated that it can build and maintain highways at the lowest cost of any state. It is a fair question whether any county of Minnesota, regardless of its experience in road building, its facilities, equipment and materials, could accomplish as much in the construction and maintenance of roads with the money this Amendment would place at their disposal as the State Highway Department could accomplish with the same funds.

The law which provides for this Amendment is Chapter 445, Session Laws of 1927; the law governing the expenditure of money for State Aid Roads is Chapter 2559-64, General Statutes of 1923.

VALUABLE INVESTIGATION

A SERIES of addresses and analyses of tax questions local, state and national, with emphasis particularly on the local, has been planned by the Owatonna Rotary club with tax authorities and experts as the speakers.

The data presented during the series will be utilized by the club as a basis for studies into tax conditions. The club plans efforts toward remedial action, both regarding local and other taxes, if it decides at the close of the series that such efforts are justified.

Youth of America Backs Hoover, Says Helen Wills, Tennis Star

HELEN WILLS has accepted the appointment as Chairman of the Sports Division of the Women's National Committee for Hoover for Mrs. F. Louis Slade, National Chairman of the organization.

"Am I voting for Hoover?" she said. "Yes. And why. For the same reason that countless other young people throughout the country are voting for him. It is because they realize that Mr. Hoover possesses just those qualities that will make him a great president," said Miss Wills.

"He said in his speech of acceptance that he wishes to carry the spirit of the youth of the nation into the government. 'Youth,' he said, 'is today pulling at the traces as never before, and is willing to pull a full load. Youth's eagerness contains a more

earnest desire than ever to be of service.'"

"All youth can admire Herbert Hoover because of his sincerity, intelligence and great industry."

"His achievements, in the past, have been marked with success because of his ability for organization and his wonderful powers of perseverance. His life is a story to fire the imagination and admiration of every young person in the country."

"He spoke of 'Youth's eagerness for service.' He was guided in his own youth by this idea. He has proved since, at home and abroad, that he is a great man."

"May Youth everywhere, by voting for Hoover, show that its ideals are of the highest and that it has the earnest desire 'to be of service.'"

Women Workers Back Hoover For a Full Week's Wages

Women's Trade Union Leader Declares He Alone Can Prevent Lowering of Living Standards Throughout the Nation.

By Alice Fox Pitts

Whether or not the average American wage-earner can take home a full week's pay envelope every Saturday night in the next four years depends on the election of Herbert Hoover, according to Mrs. Raymond Robins, who will spend several weeks at Republican National headquarters directing campaign activities among industrial women of the nation.

Mrs. Robins was president of the National Women's Trade Union League for fifteen years, president of the International Congress of Working Women for six years, and also served on the committee on education of the American Federation of Labor.

The abolition of poverty has always been the hope of dreamers but never before, Mrs. Robins points out, has a practical statesman set out to prove how, to a very large measure, that idealistic state can be attained. As Secretary of Commerce, Herbert Hoover has stimulated our foreign trade. Commissioners have gone abroad with samples of goods and brought back orders. This has meant more work for our factories, more jobs for our men and women. By showing manufacturers how to eliminate waste in production, he has put their business on a sounder basis, once more increasing the wage-earner's chance of getting a job and keeping it.

Since one woman in every five in this country works, Hoover's activities affect millions of women directly in this way. People as a whole do not realize the extent to which women are employed in factories today. Mrs. Robins says. When carpentry was done by hand, women could not engage in that occupation because they did not have the physical strength for it. Now doors, window sills and other parts of houses are turned out by machinery, and such machines are run by women. The same is true of many other occupations.

To these factory women, the elec-

tion of Herbert Hoover is of prime importance, for it means the preservation of their jobs, according to Mrs. Robins. They must vote for him to prevent their standards of living being lowered to European levels. That is the argument Mrs. Robins will have for her workers' hammer home.

Daniels Praised Hoover

"Herbert Hoover," said Secretary Josephus Daniels in 1920, "accomplished a monumental work in Europe and in this country. It was my very great privilege to be intimately associated with him during the war and since the armistice. He is a man of the most commanding abilities."

POLITICS ON THE AIR

New York, Oct. 22.—(U.P.)—Tonight's radio political headline is Herbert Hoover's address in Madison Square Garden over a coast-to-coast chain of the N. B. C. headed by WJZ. The speech is expected to go on the air at 8:30 p. m. eastern time, and the network will "sign off" at 9:45. The republican national committee has cancelled its regular Monday

evening program over the WEAF chain, from 8 to 8:30 p. m.

The General Motors program will go on the WEAF network at 9:45 instead of 9:30, and "Real Folks" on the WJZ chain will start at the conclusion of Hoover's speech. The opera, "Lohengrin," will be sung over the WEAF hookup at the close of the General Motors hour.

The Hoover network includes WC CO, Minneapolis-St. Paul.

A Smith rally of professional women will be sponsored by the democratic national committee over WOR and the complete Columbia network tonight from 10 to 10:30, eastern time. A number of noted women will speak. Their names have not yet been announced by the committee.

WEAF Network, 8 p. m.—Eveready hour.
WOR, Newark (422), 7 p. m.—Main Street sketches.

POLITICS ON THE AIR

New York, Oct. 22.—(UP)—Tonight's radio political headlines are Herbert Hoover's address in Madison Square Garden over a coast-to-coast chain of the N. B. C. headed by WJZ. The speech is expected to go on the air at 8:30 p. m. eastern time, and the network will "sign off" at 9:45. The republican national committee has cancelled its regular Monday

evening program over the WEAF chain, from 8 to 8:30 p. m. The General Motors program will go on the WEAF network at 9:45 instead of 9:30, and "Real Folks" on the WJZ chain will start at the conclusion of Hoover's speech. The opera, "Lohengrin," will be sung over the WEAF hookup at the close of the General Motors hour.

The Hoover network includes WC CO, Minneapolis-St. Paul. A Smith rally of professional women will be sponsored by the democratic national committee over WOR and the complete Columbia network tonight from 10 to 10:30, eastern time. A number of noted women will speak. Their names have not yet been announced by the committee.

DR. SPEARS BRACES LINE TO MEET McLEAN'S ONSLAUGHTS

HOMECOMING GAME AT IOWA CITY SATURDAY

PASS DEFENSE ENABLED THE
GOPHERS TO WIN OVER
CHICAGO, 33 TO 7

OBSERVERS OF HAWKEYES SAY
MINNESOTA MUST HAVE
"McLAIN DEFENSE"

Minneapolis, Oct. 22.—(UP)—Development of a line to stop the onslaught of Mayes McLain, giant crashing Iowa fullback, was the problem that confronted Coach Doc Spears in preparation for the homecoming game at Iowa City Saturday.

It was a pass defense that enabled the Gophers to turn in their 33 to 7 win over Chicago Saturday. Followers and scouts of the Hawkeye team declare that Minnesota must have a "McLain defense" if the squad of the corn-growing state is to be beaten.

With Wisconsin practically removed from the running for the western conference championship by its tie game with Purdue Saturday, Iowa presents the most serious obstacle to the Gophers on the quest of the title. Illinois, champions of 1927, is the other outstanding title contender.

Minnesota escaped serious injury in defeating Chicago and McLain and Bronko Nagurski of Minnesota, both considered all-American timber, each will have full strength support Saturday. Wayne Kakea, Gopher center, suffered a twisted leg that may keep him out of scrimmage today and Tuesday, however.

Gopher fans this week also will have their first opportunity of observing the Minnesota "B" team in action. Coach Doc Matchan's squad will meet St. Thomas college of St. Paul at Memorial Stadium Saturday.

ST. CLOUD TECHS BOOK BRAINERD FOR HOMECOMING GAME

LOCALS WILL FIND STRONGEST
OPPONENTS OF SEASON IN
GRANITE CITY ELEVEN

COACH KASCH CONDUCTS CHECK-
UP ON INJURIES; TO BRUSH
UP STYLE OF PLAY

On to St. Cloud is the cry in the Brainerd camp as the locals prepare for their invasion of the Granite City Friday afternoon for the football classic of the season when they clash with the formidable Tech-High team. The St. Cloud team has lost one game this season, that to Glencone on a forward pass, by the count of 6-0. It was the first defeat for Tech-High in three years, a record which few teams of their rating in the state can boast.

This afternoon Coach Warren Kasch was conducting a checkup of the number of injuries in the ranks as well as reviewing the faults in the Atkin game. Immediate changes will be made in offense and defense in preparation for the St. Cloud game. These changes will vary according to the men who will be eligible. At the present time it is unknown whether Brainerd will have a full force out.

Friday's game will prove popular in that it will be the major attraction in Tech-High's homecoming program. Many Brainerd people are expected to accompany the team and cheer them on through the battle.

Decisive Conflicts

Among the decisive battles of the World war the following may be mentioned: Marne, September 6-11, 1914; Tannenberg, August 26, 1914; Verdun, February 22, 1916; Vimy Ridge, April 9, 1917; Chateau-Thierry, July 15, 1918; Meuse-Argonne, September 26, October 4, and November 1, 1918; Jutland (naval battle), May 31, 1916.

Just Wait

Archie's pet kitten was the pride of his life and he was very much disturbed when a skeptical neighbor expressed a doubt that Fluffy was a full-blooded Persian because his tail wasn't large enough. "Why, Mrs. Smith," protested Archie, "you just wait till Fluffy sees a dog and his tail will look plenty big!"

Hoover Is Best Bet

The likelihood is that, under Herbert Hoover's direction, agriculture would achieve stabilization more quickly, more certainly, with fewer waste motions, and with less knocking and backfiring and gear-grinding than under the direction of any other human being.—Minneapolis Tribune.

ILLINI, GOPHERS, OHIO AND IOWA AMONG LEADERS

'THE BIG FIGHT' FAILS TO REGISTER AT BOX OFFICE

New York, Oct. 22.—(UP)—Jack Dempsey's great personal popularity failed to register at the box offices when it came to putting over "The Big Fight," a play which co-starred the former heavyweight champion and his wife, Estelle Taylor.

Producers of the play will discontinue its run at the end of this week in Hartford, Conn. Critics said of the play that Dempsey was not a finished actor and that he was not materially aided by his wife.

ADDITION OF FOUR NEW TEAMS IN TEN PINS CAUSES SHIFT

SCHEDULE OF GAMES IN TWO
LEAGUES FOR THIS WEEK
ANNOUNCED TODAY

TWO TEN LEAGUE TEAMS FORM-
ED; INDEPENDENTS VS. LIONS,
BYES VS. COLTS TONIGHT

Adding four new teams to the Bowling League made it necessary to change the schedule, causing a shake-up in the teams.

In order to have two ten-team leagues the Post Office team was added to the second league and the Study Club, Lively Auto and Peterson Clothing Co. changed over.

One league is composed of the following teams: Alderman-Maghan, Elks No. 1, Bye Clothing Co., Automatic Washers, Smraker's Colts, Elks No. 2, Study Club, Monument Works, Peterson Clothing Co. and Lively Auto.

The other league has the following teams: Post Office, Sinclair Oil, Independent No. 1, Cottage Grill, Lions Club, Alley Kids, Eagles, Moose No. 1, Moose No. 2 and Independents No. 2.

The Independents No. 1 and Lions Club, Bye Clothing Co. Smraker's Colts meet this evening.

The following schedule outlines the play for this week:

Monday, October 22—
Independents No. 1 vs. Lions Club.
Bye Clothing Co. vs. Smraker's Colts.

Tuesday, October 23—
Elks No. 1 vs. Study Club.
Peterson Clothing Co. vs. Elks No. 2.

Wednesday, October 24—
Alley Kids vs. Moose No. 2.
Moose No. 1 vs. Independents No. 2.

Thursday, October 25—
Post Office vs. Cottage Grill.
Sinclair Oil vs. Eagles.

Friday, October 26—
Alderman-Maghan vs. Automatic Washers.
Monument Works vs. Lively Auto.

OHIO AND IOWA ENTERED SEASON AS DARK HORSES

FIELD OF CHAMPIONSHIP POSSI-
BILITIES NARROWED TO
THESE 4 TEAMS

WISCONSIN AND INDIANA ARE
ELIMINATED FROM THE
RACE

By DIXON STEWART
(United Press Staff Correspondent)

Chicago, Oct. 22.—(UP)—Illinois and Minnesota, pre-season championship favorites, shared the Big Ten leadership today with Ohio and Iowa, who entered the 1928 season as "dark horses."

The field of championship possibilities has been narrowed to these four teams, through the elimination of Wisconsin and Indiana. Schedules provide that no more than two of the remaining undefeated teams can finish the season undefeated and there is now a strong possibility that an undisputed Big Ten champion can be determined.

Schedules call for the two teams which have more than an outside chance to win the title to play the outstanding favorites, Iowa meeting Minnesota at Iowa City Saturday, and Ohio clashing with Illinois at Columbus on November 10.

The game between Iowa and Minnesota will top next Saturday's football card in the middlewest. Added interest will be furnished by the rivalry between "Big Chief" Mayes McLain and Bronko Nagurski, outstanding candidates for the fullback berth on all-conference and all-American teams.

Wisconsin's elimination from championship consideration, through a 19 to 19 tie with Purdue, furnished the only surprise of last Saturday's play. The Badgers had been rated as one of the strongest teams in the western conference, chiefly because of their 22 to 6 victory over Notre Dame.

Indiana's removal from the charmed circle of unbeaten teams was not unexpected, but the Hoosiers' great last quarter rally, in which they completely outplayed Coach Bob Zuppke's 1927 conference champions, convinced experts that the Pagemen may cause trouble before the season ends.

Ohio's 19 to 7 victory over Michigan furnished further proof that no matter how capable a coach may be he cannot turn out a winning team without material.

Coach Alonzo A. Stagg's battered Chicago Maroons were unable to stand off Minnesota's "bone crushers" and succumbed by a 33 to 7 score. Minnesota's feat of piling up 33 points indicates that the

Gophers have not been overrated. Northwestern had considerable trouble in downing a hard fighting Kentucky eleven, by a 7 to 0 count, while Iowa romped over Ripon, 61 to 6.

GOPHERS CONTINUE ON WAY TO BIG TEN GRID CHAMPIONSHIP

DEFEAT CHICAGO HANDILY, 33
TO 7; IOWA SHOWS STRENGTH,
MEETS MINNESOTA NEXT

SPEARS' MEN SHOULD DEFEAT
NORTHWESTERN; HARD TILT
SEEN AT MADISON

By PAUL M. JONES

Saturday's mid-October struggles in the Big Ten between eight of the conference teams just about settled matters as per pre-season predictions with the possible exception of Purdue against Wisconsin at Purdue, in which game the Hoosiers were given a possible chance of defeating the Badgers while instead they played them to a tie.

At Lafayette Saturday the sturdy Purdue men met on their own field the much-praised Badgers since their decisive triumph over Notre Dame and for three or more periods led the haughty Wisconsin team 19-12, only to let them work their aerial strategy on them so furiously in the closing minutes as to gain a tie, 19 to 19, in one of the fiercest games played there in many a day. The Purdue warriors no doubt felt the effects of the gruelling game they had the previous week at Minneapolis against the powerful Gophers and probably were not in the best of physical trim for so hard a game. They spoiled Wisconsin's chances, however, for a clean claim to the conference championship regardless of future results. While Purdue has a fine team, the Badgers were probably a bit over-confident, as they had a light game the week before and should have been more on edge.

Northwestern defeated Kentucky on its home field, 7-0, showing everything good and bad that could possibly be included in a football game. At this time of the year a real team must show something to be in the race.

Iowa played rings around Ripon by the one-sided score of 61-6, the suba relieving the regulars for rest for the Minnesota game at Iowa in a week. Iowa gained much from the workout. McLain, the star Indian fullback, played superior to his opponents.

Ohio State at Columbus, before 72,000 rosters, after waiting many years, continued to abuse the Wolverines by defeating them 19-7 in a glorious exhibition of football. Every member of the Ohio team played heads-up ball and so completely outplayed Michigan, it was pathetic. As Minnesota does not meet Ohio this year under the new conference schedule just started, it will be up to them to trip Illinois at Urbana in their last game of the season. At the present rate of improvement shown by Ohio State such could be possible. Illinois is not unbeatable by any means. Ohio State will be the best team she plays this year.

Illinois barely defeated Indiana on its own field, 13-7, after the hardest kind of a battle, although it got a 13-0 jump on the Hoosier squad. This proved to be the hardest game the Illinois men have played so far, so they ought to have been in good trim and frame of mind to bear down for the tight squeeze. Just too bad the Gophers are not battling them for the final count anywhere Illinois wants to play, for whatever the result the Illini would have to deliver its all to triumph. Illinois plays as many conference games but they are easier ones than the Gophers have to play. Where on the Illinois schedule is there a combat equal to the Purdue or Wisconsin games the Gophers have to fight?

After a lapse of ten years the Maroons and Gophers met in the stadium at Minneapolis and before 60,000 people the Gophers showed their class as predicted and annihilated Stagg's team 33-7. Chicago not scoring until the last quarter when battling almost a team of subs.

It was the seventeenth struggle between the two colleges. The Gophers triumphed in eleven of them and one tie, and Chicago's loss Saturday marked their sixth consecutive drubbing.

The Gophers were a bit slow in getting started and that I think was due to being a bit over-confident. The two breaks the Gophers got at the start in recovering a Maroon fumble close to their goal line and Hoyde's interception of a forward pass and a long run for a touchdown through the entire team took the starch out of the team. From then on things were not so tough. I

thought Chicago outplayed them in the first half, but whatever "Doc" said between halves must have been threatening as the Gophers surely tore up the turf in the second half.

The officials again, from Magidson down, were a bit shaky. About time some head from Griffith's office checked up the work of those supposed to take care of the playing. The games now are too important to let a loss creep in by mediocre officiating as to date has been their efforts.

After so many gruelling contests, Spears has some proposition on his hands now to shape the men for their first invasion to foreign fields, as they meet Iowa and the great Indian fullback, McLain, Saturday at Iowa City. Minnesota has the better team and should win by a good margin though Iowa may score. The Gophers are too superior a team to be humbled by Iowa at any game. However the Gopher backfield still seems to be a bit weak in stopping the aerial attacks of the enemy. The sophomore backfield, while smart and fast, fail to cover their man close enough on the long passes. They let the opponent get in back of them all set to receive the long shots. Bad passing rather than good guarding

has saved the Minnesota team many a time this year. We can't let Iowa spoil our record.

If we are fortunate in victory and injuries, our trip the following week to Northwestern should be easy. The Purple team may brace up and prove stubborn, but we have too much power in the line and backfield to let them take us in for a game.

Indiana then comes to Minneapolis to prove that its tie game last year at Indiana, which spoiled Minnesota's wonderful record, was not a fluke.

The rest for us comes with the Haskell Indians at the stadium before the Wisconsin game at Madison for the championship. While maybe not easy, it won't be a hard game or trying on the players or a risk for injuries. It will sharpen them and prepare them for the gruelling contest the last Saturday of the season.

Beginning Early

Milton, aged seven, was fishing with his father. Evidently he had on former occasions been impressed with some of the angling yarns told by his parent, for when returning home empty-handed he said: "Say, dad, how many fish shall we tell mother got away?"

Babe Ruth, Tunney on Committee of Democratic Workers

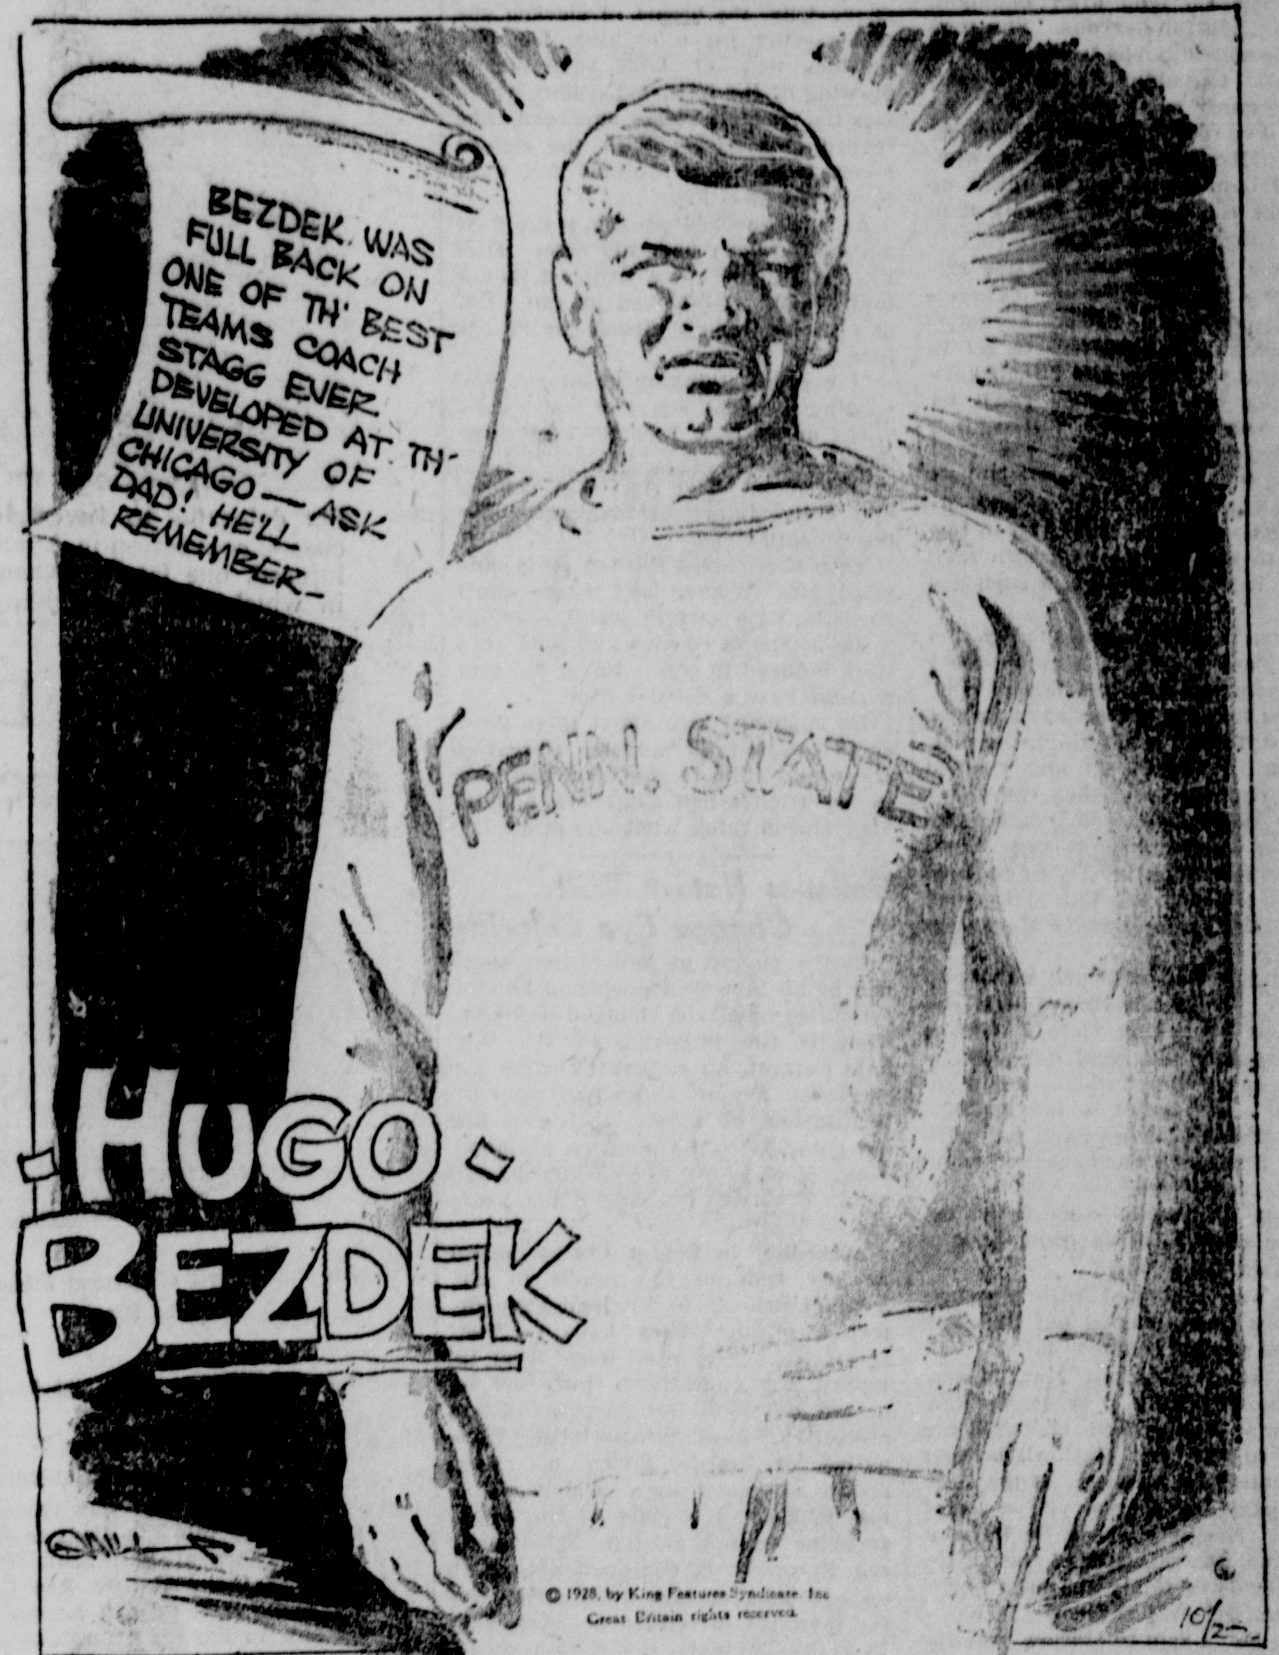

New York, Oct. 22.—(UP)—Babe Ruth and Gene Tunney, names to conjure with in athletics, are listed on the newly created Smith-Robinson sports committee working for the election of the democratic national ticket.

Among others on the committee are: Knute Rockne, Arnold Horween, Tony Lazzeri, Sammy Mandell, Joe McCarthy, Laverne Fator, Vincent Richards, Chick Meehan, Johnny Farrell and Maureen Orcutt.

Labor Improves Conditions

Labor in its collective efforts has contributed greatly to the maintenance of proper wages and to improved conditions of labor. But collective bargaining alone cannot overcome the forces that make for unemployment. The problem of insuring full work all the time is a problem of national concern. Our workers as citizens at the ballot box have a large part in determining our economic policies.—HARR-
BERT HOOVER in his Natick speech.

Coaching the Nittany Lions

HUGO
BEZDEK

By QUIN HALL

OLD-TIME football fans who followed the gridiron doings over 20 years ago still remember the excellent work of a fullback at the University of Chicago at the same time that Walter Eckersall was making a name for himself as a quarterback and drop kicker under the tutelage of Coach A. A. Stagg.

You youngsters—and a lot of you youngsters weren't born yet when this fellow was plunging through the lines of the opposition—will have to ask dad about the exploits of this star Chicago back. He'll recall those exploits if he is any sort of a football fan at all. He'll recall that this particular fellow was Hugo Bezdek.

Bezdek has had a rather rambling career since those days, but for several years past has been coaching the Nittany Lions, the varsity team at Penn State, State College, Pa.

Back when Bezdek was knocking down the lines for Stagg at Chicago his name was as common on the sport pages as was that of the sport hero Harry Wilson and luminaire of equal caliber last season and he was as popular a football idol as any of the present day ground gainers. Stagg had some team at Chicago back in

those days, and Bezdek helped him to make it just that.

Following his work at Chicago, Bezdek decided to take up coaching and his first assignment was the tutelage of the squad at the University of Oregon.

Several years ago he was drafted as manager of the Pittsburgh Pirates in the National League but baseball was never his forte. He wasn't particularly successful piloting a big time team in the national pastime.

One thing can be said of him as a big league manager; that is, if called upon, he could probably have crashed down any member of his ball club and that, after all, might be an asset when the temperamental stars of the pastime are considered.

But he missed clicking in the game of hit and run and went back to devote all of his time to the tutoring of the pigskin tossers, kickers and ground gainers. And he has fared rather well with his coaching duties at Penn State. He has developed another team this season which is likely to cause plenty of damage to the opposition.

Despite the loss of John Roepke, Cy Lungren, Roger Mahoney and Al Lesko through graduation last June, Bezdek is plugging up the holes with members of last year's freshman team and indications

point to another fast machine at State College.

After fourteen years the Lions are again reviving the old gridiron battle cry of "Let's have a touchdown, Miller." Fourteen years ago—and three years prior to that—Penn State rosters beaught Eugene (Shorty) Miller to put over a touchdown. This year another Miller—Joe—stands in the Lions' backfield in the quarterback position. Two years ago Joe piloted the freshman team but last year he was on the bench most of the season on account of injuries. A passer and punter of ability Joe is also good at getting away for whirling runs and his work is likely to be one of the bright spots at State College this fall.

Altogether Bezdek has a well balanced team.

Saturday the Lions meet Syracuse and following that, games are booked with Notre Dame, George Washington and Lafayette. The season closes Thanksgiving Day when they hook up with Pittsburgh in a game which always attracts some real attention.

Last year Penn State lost two games—Bucknell and Pittsburgh—and played a 13-13 tie with the New York University. That's a pretty fair record but this fall Bezdek and the Lions are shooting at an even better mark and they're likely to make it.

Army's Bad News for Harvard

"Red" Murrell (above), the giant fullback of the Army eleven, is likely to prove a great nuisance to the Harvard linemen when the two teams mix matters Saturday at Cambridge. Murrell and Chris Cagler, the right halfback, will be the targets for the Crimson's defenders, who know they must be stopped at all costs.

SPEARS' MEN SHOULD DEFEAT
NORTHWESTERN; HARD TILT
SEEN AT MADISON

By PAUL M. JONES

Saturday's mid-October struggles in the Big Ten between eight of the conference teams just about settled matters as per pre-season predictions with the possible exception of Purdue against Wisconsin at Purdue, in which game the Hoosiers were given a possible chance of defeating the Badgers while instead they played them to a tie.

At Lafayette Saturday the sturdy Purdue men met on their own field the much-praised Badgers since their decisive triumph over Notre Dame and for three or more periods led the haughty Wisconsin team 19-12, only to let them work their aerial strategy on them so furiously in the closing minutes as to gain a tie, 19 to 19, in one of the fiercest games played there in many a day. The Purdue warriors no doubt felt the effects of the gruelling game they had the previous week at Minneapolis against the powerful Gophers and probably were not in the best of physical trim for so hard a game. They spoiled Wisconsin's chances, however, for a clean claim to the conference championship regardless of future results. While Purdue has a fine team, the Badgers were probably a bit over-confident, as they had a light game the week before and should have been more on edge.

Northwestern defeated Kentucky on its home field, 7-0, showing everything good and bad that could possibly be included in a football game. At this time of the year a real team must show something to be in the race.

Iowa played rings around Ripon by the one-sided score of 61-8, the subs relieving the regulars for rest for the Minnesota game at Iowa in a week. Iowa gained much from the workout. McLain, the star Indian fullback, played superior to his opponents.

Ohio State at Columbus, before 72,000 rosters, after waiting many years, continued to abuse the Wolverines by defeating them 19-7 in a glorious exhibition of football. Every member of the Ohio team played heads-up ball and so completely outplayed Michigan, it was pathetic. As Minnesota does not meet Ohio this year under the new conference schedule just started, it will be up to them to trip Illinois at Urbana in their last game of the season. At the present rate of improvement shown by Ohio State such could be possible. Illinois is not unbeatable by any means. Ohio State will be the best team she plays this year.

Illinois barely defeated Indiana on its own field, 13-7, after the hardest kind of a battle, although it got a 13-0 jump on the Hoosier squad. This proved to be the hardest game the Illinois men have played so far, so they ought to have been in good trim and frame of mind to bear down for the tight squeeze. Just too bad the Gophers are not battling them for the final count anywhere Illinois wants to play, for whatever the result the Illini would have to deliver its all to triumph. Illinois plays as many conference games but they are easier ones than the Gophers have to play. Where on the Illinois schedule is there a combat equal to the Purdue or Wisconsin games the Gophers have to fight?

After a lapse of ten years the Maroons and Gophers met in the stadium at Minneapolis and before 60,000 people the Gophers showed their class as predicted and annihilated Stagg's team 33-7, Chicago not scoring until the last quarter when battling almost a team of snips. It was the seventeenth struggle between the two colleges. The Gophers triumphed in eleven of them and one tie, and Chicago's loss Saturday marked their sixth consecutive drubbing.

thought Chicago outplayed them in the first half, but whatever "Doc" said between halves must have been threatening as the Gophers surely tore up the turf in the second half.

The officials again, from Magidson down, were a bit shaky. About time some head from Griffith's office checked up the work of those supposed to take care of the playing. The games now are too important to let a loss creep in by mediocre officiating as to date has been their efforts.

After so many gruelling contests, Spears has some proposition on his hands now to shape the men for their first invasion to foreign fields, as they meet Iowa and the great Indian fullback, McLain, Saturday at Iowa City. Minnesota has the better team and should win by a good margin though Iowa may score. The Gophers are too superior a team to be humbled by Iowa at any game. However the Gopher backfield still seems to be a bit weak in stopping the aerial attacks of the enemy. The sophomore backfield, while smart and fast, fail to cover their man close enough on the long passes. They let the opponent get in back of them all set to receive the long shots. Bad passing rather than good guarding

has saved the Minnesota team many a time this year. We can't let Iowa spoil our record.

If we are fortunate in victory and injuries, our trip the following week to Northwestern should be easy. The Purple team may brace up and prove stubborn, but we have too much power in the line and backfield to let them take us in for a game.

Indiana then comes to Minneapolis to prove that its tie game last year at Indiana, which spoiled Minnesota's wonderful record, was not a fluke.

The rest for us comes with the Haskell Indians at the stadium before the Wisconsin game at Madison for the championship. While maybe not easy, it won't be a hard game or trying on the players or a risk for injuries. It will sharpen them and prepare them for the gruelling contest the last Saturday of the season.

Beginning Early

Milton, aged seven, was fishing with his father. Evidently he had on former occasions been impressed with some of the angling yarns told by his parent, for when returning home empty-handed he said: "Say, dad, how many fish shall we tell mother got away?"

Babe Ruth, Tunney on Committee of Democratic Workers

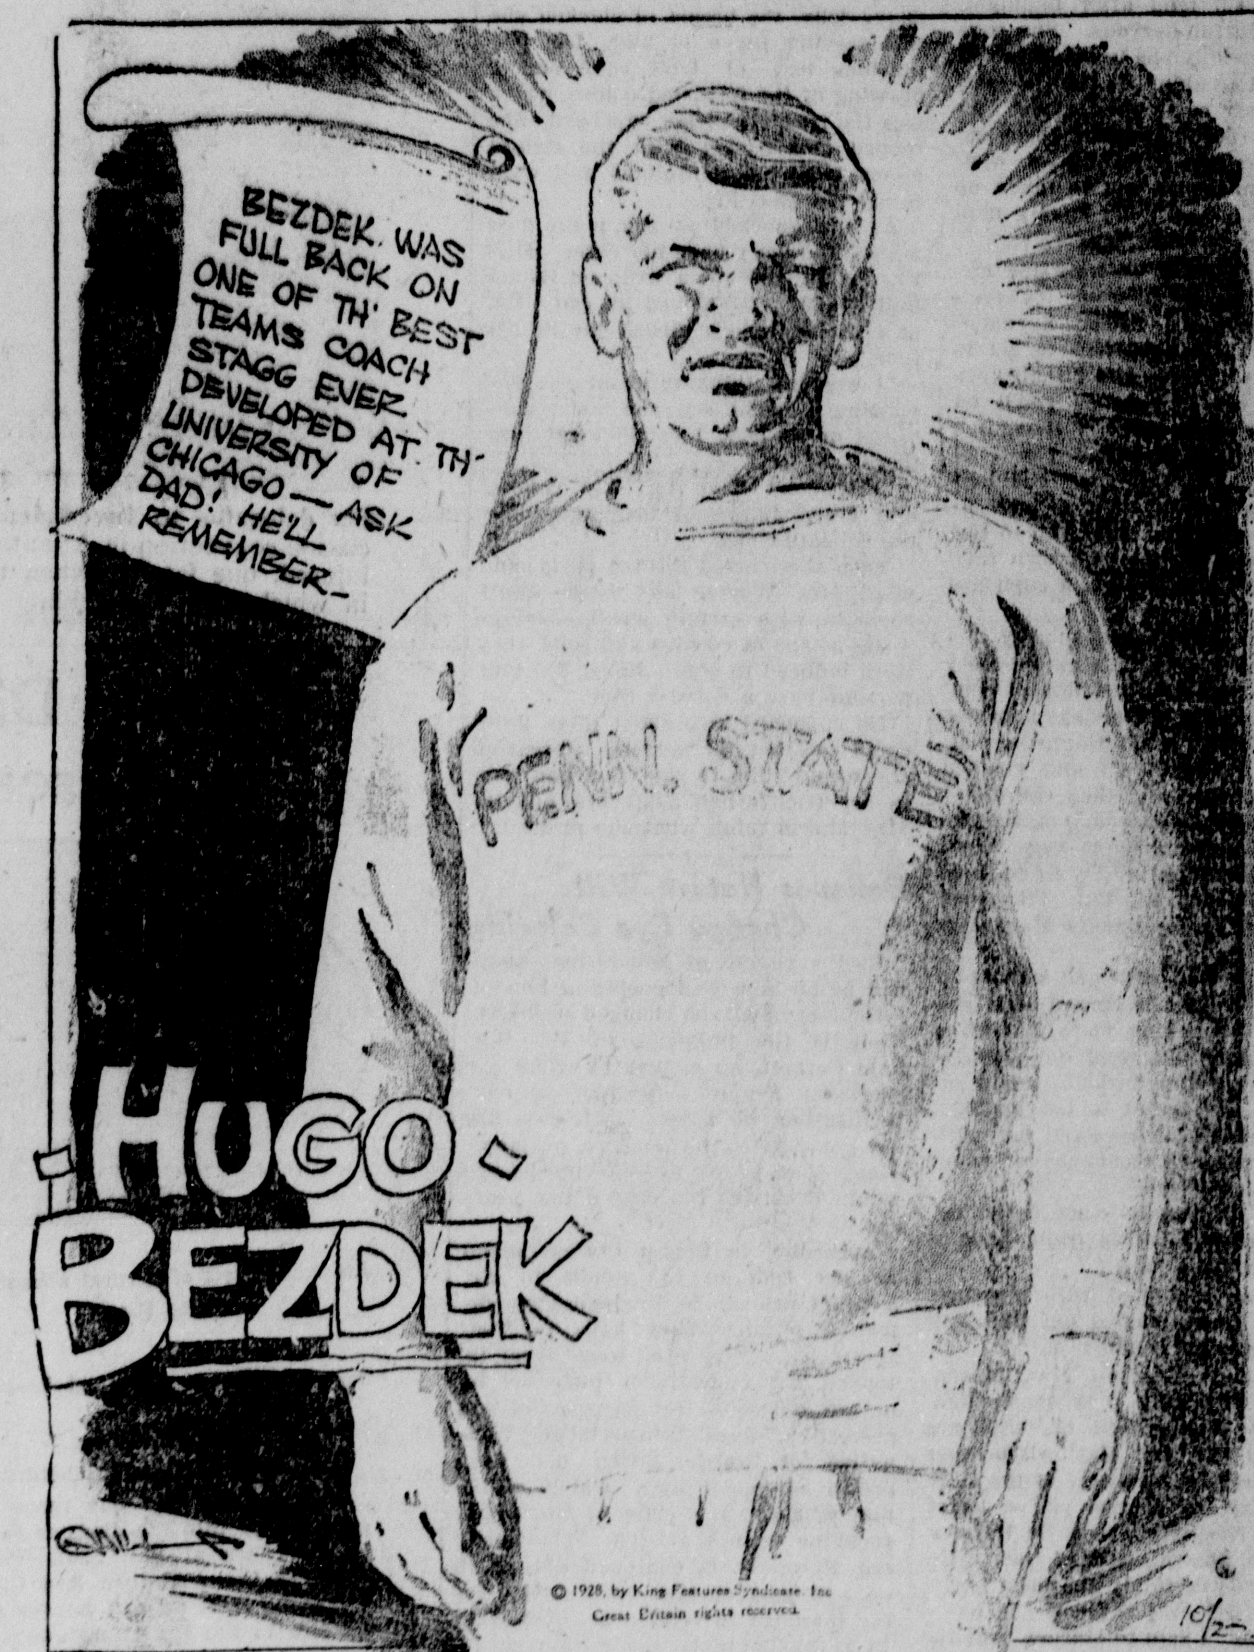

New York, Oct. 22.—(UP)—Babe Ruth and Gene Tunney, names to conjure with in athletics, are listed on the newly created Smith-Robinson sports committee working for the election of the democratic national ticket.

Among others on the committee are: Knute Rockne, Arnold Horween, Tony Lazzeri, Sammy Mandell, Joe McCarthy, Laverne Fator, Vincent Richards, Chick Meehan, Johnny Farrell and Maureen Orcutt.

Labor Improves Conditions

Labor in its collective efforts has contributed greatly to the maintenance of proper wages and to improved conditions of labor. But collective bargaining alone cannot overcome the forces that make for unemployment. The problem of insuring full work all the time is a problem of national concern. Our workers as citizens, at the ballot box have a large part in determining our economic policies.—H.B.B. BERT HOOPER in his "New" speech.

Coaching the Nittany Lions

By QUIN HALL.

OLD-TIME football fans who followed the gridiron doings over 20 years ago still remember the excellent work of a fullback at the University of Chicago at the same time that Walter Eckersall was making a name for himself as a quarterback and drop knicker under the tutelage of Coach A. A. Stagg.

You youngsters—and a lot of you youngsters weren't born yet when this fellow was plunging through the lines of the opposition—will have to ask dad about the exploits of this star Chicago back.

He'll recall those exploits if he is any sort of a football fan at all. He'll recall that this particular fellow was Hugo Bezdek.

Bezdek has had a rather rambling career since those days, but for several years past has been coaching the Nittany Lions, the varsity team at Penn State, State College, Pa.

those days, and Bezdek helped him to make it just that.

Following his work at Chicago, Bezdek decided to take up coaching and his first assignment was the tutelage of the squad at the University of Oregon.

Several years ago he was drafted as manager of the Pittsburgh Pirates in the National League but baseball was never his forte. He wasn't particularly successful piloting a big time team in the national pastime.

One thing can be said of him as a big league manager; that is, if called upon, he could probably have crashed down any member of his ball club and that, after all, might be an asset when the temperamental stars of the pastime are considered.

But he missed clicking in the game of hit and run and went back to devote all of his time to the tutoring of the pigskin tossers, kickers and ground gainers. And he has fared rather well with his coaching duties at Penn State. He has developed another team this season which is likely to cause plenty of damage to the opposition.

point to another fast machine at State College.

After fourteen years the Lions are again reviving the old gridiron battle cry of "Let's have a touchdown, Miller." Fourteen years ago—and three years prior to that—Penn State rosters besought Eugene (Shorty) Miller to put over a touchdown. This year another Miller—Joe—stands in the Lions' backfield in the quarterback position. Two years ago Joe piloted the freshman team but last year he was on the bench most of the season on account of "injuries." A rouser and punter of ability Joe is also good at getting away for whipping runs and his work is likely to be one of the bright spots at State College this fall.

Altogether Bezdek has a well balanced team. Saturday the Lions meet Syracuse and following that, games are booked with Notre Dame, George Washington and Lafayette. The season closes Thanksgiving Day when they hook up with Pittsburgh in a game which always attracts some real attention. Last year Penn State lost two games—Bucknell and Pittsburgh—and played a 13-13 tie with the New York University. That's a pretty fair record but this fall Bezdek and the Lions are shooting at an even better record and they're likely to make it.

Army's Bad News for Harvard

"Red" Murrell (above), the giant fullback of the Army eleven, is likely to prove a great nuisance to the Harvard line-men when the two teams mix matters Saturday at Cambridge. Murrell and Chris Cagle, the right halfback, will be the targets for the Crimson's defenders, who know they must be stopped at all costs.

NOT A CUPBOARD LOVE

(By D. J. Walsh.)

JUNE HAYS bit her lip with vexation and tapped her toe with impatience. Here she was dressed for Mrs. Mason's bridge party yet likely to be late, for opposite her old Miss Fry was sitting in the winged chair as if she meant never to leave it. It was an unhappy coincidence that just as June should be about to leave the house old Miss Fry should enter. June had been tempted to say, "Oh! I am so sorry, but I am just ready to go to Mrs. Mason's," only she knew how Miss Fry felt about Mrs. Mason. In order to protect Mrs. Mason from scathing denunciation she had sunk upon the sofa and faced her visitor with a smile.

"You look real nice," said Miss Fry rocking sociably. She was a thin old woman with a long upper lip and shrewd dark gray eyes which matched her scanty hair. "Did Jessie Pratt make your dress or did you buy it? Oh, you got it in the city. Well, now I was thinking Jessie couldn't have done that elaborate edging on her piec-stitching machine. But she sews well enough to suit me. I don't pretend to be stylish and I know just how bad Jessie needs every cent she can get hold of now her pa is so poorly. But I suppose a lot of folks will follow that Mrs. Mason now that she's undertaken to start the fashion here in Peckville."

June flushed and tried to laugh at all that speech implied.

"Of course," went on Miss Fry thoughtfully, "you've got to neighbor with the Masons because you live so close to them—but I can do as I please about it. Not that I begrudge them their fun, only I do wish they'd be a little more quiet about it. Lotty Edwards never slept a mite last night 'count of the racket that went on at the Masons till long after midnight. Lotty is frightful nervous. She says if the Masons stay she is going to sell her house. I wouldn't do that no matter how much noise they made. As I said, I've nothing against them except—" Miss Fry's face grew wistful—"I hate to see you so taken up with them that you don't have a minute for your old neighbors."

"I'm not speaking entirely for myself," Miss Fry hastened on. "There's Mrs. Metcalf and Jenny Seymour. They haven't got good legs to get to see you with. I have and I shall keep on coming yet as long as you'll let me in. You know, June, I thought a sight of your mother and I sort of promised to look after you. Not that you need me with such a man as you've got. But I do want you to feel I come to see you for your own sake and not just because I am a cupboard lover."

"A what?" June asked sharply.

"A cupboard lover. It's an old story about a woman who had lots of company just because she always kept her cupboard full of good things to eat. She sort of caught on and cleaned out her cupboard and then she didn't have any more company. You see she found out who her friends were. Well, I see you're getting uneasy to go some place so I'll leave. But I'll come again. Sure as my name's Mary Ann Fry."

The old woman rose and walked to the door. There she turned as if she would say something more, but after a look at June she went out silently. June, angry and flushed, caught up her coat and hurried to her appointment. Mrs. Mason received her with a kiss. She was a cream-colored woman, large, handsome.

"I sent for you to come early, before the others, so we could have a bit of talk," she said.

June was illumined with pleasure. How nice to be singled out this way for some special confidence.

"You see," went on Mrs. Mason, studying a highly pink finger nail, "Harlow's brother and his wife are coming to visit us. Harlow's brother is secretary and treasurer of the C. B. J. company—of course, you've heard of that. His wife was a De Peyster. Of course, you've heard of them. Ermengarde is certainly the most exclusive person I ever saw—as she has a right to be. I said to Harlow over the grapefruit this morning that I was so glad I could depend upon one person at least to co-operate with me in entertaining our guests. I am going to give a luncheon—I don't know how successful it will be in a town as small as this with no facilities for ice and sea food nearer than the city—" she sighed.

"Anything I can do—" murmured June, her eyes sparkling. She knew that "the one person at least" was herself. How wonderful to be on intimate terms with Mrs. Mason! It would be expected of her to do something for the great Ermengarde. Let's see. She could give a tea. That she could manage. But she must have a new gown for the luncheon. Timmy would object naturally, with the payment due on the house—but she had never yet failed to get her own way with her husband. Meanwhile—"I hope you won't hesitate to ask me for any help I can give," she said, touching Mrs. Mason's plump hand.

"Oh, my dear! That's just what I expected of you."

Two days later the guests arrived. June peeping from the window was impressed by the elegance of Mrs. J. Watson Mason, nee De Peyster. She thrilled anew.

Mrs. Mason ran over on an errand

She wanted to borrow June's Mexican lace table set for the luncheon. June loaned it freely, along with her few bits of cut glass and her Dresden coffee cups. Suppose these things did constitute Timmy's wealthier friends? Was she not going to that luncheon? At least she supposed she was, although she had not been asked yet. However, her frock was ready. It had come hard, for Timmy had something more than objected.

Not until the last moment did she realize that she was left out of the luncheon party. Her hope failed. Behind her curtains she looked out bewildered and hurt, at the gathering guests. There were eight or more, coming in cars. She recognized the Holts who had a year-round house outside the town, the Pryors who had a suite at the best hotel, the Vails from the Knoll. Not a neighbor among them. Mrs. Mason had reached over the heads of her friends to cull the town's grandest.

If there could be any solace for June it lay in the fact that she was no worse snubbed than the others. But she suffered one pang. Those high-nosed people were sitting over her own Mexican lace table cover and drinking coffee from her Dresden cups.

Next day when Mrs. Mason returned the borrowed articles, she seemed a little downcast. Her guests were gone. Harlow's brother had hoped as a representative of the C. B. J. company to sell stock to Mr. Pryor and Mr. Holt and the rich Vails. That was what the luncheon was for. But they had not bitten. Of course, she didn't say just that but June gathered the fact from their conversation. It had all been very expensive and tiresome. The whole affair had not paid. Thus Mrs. Mason sighed.

After she had gone June examined her treasures. There was a hole in the Mexican lace where a hot ash had dropped from a cigar, the cut glass bowl was nicked, a Dresden cup cracked. It was with a heavy heart she put the things away.

Then suddenly she remembered that old Miss Fry had been ailing for several days. She had heard about it on the eve of the luncheon. She packed a little basket with her best jar of guava jelly, the breast of chicken she was serving for a la king, her last precious loaf of fruit cake and a drawing of the imported oolong which was the treasure of her cupboard. She topped this basket with the richest bloom from her geraniums and went to see old Miss Fry.

As she knocked at the plain door a weak old voice bade her enter. Miss Fry sat by the stove wrapped in her knit shawl. She looked ill, sad. But at sight of June a glacial joy lit her face.

"I was just thinking about you and wishing I could see you," she said. "Legs or no legs, I couldn't get over there."

"You don't have to. I'm coming here now," June said, bending to kiss the delicate cheek.

Then she started the tea party, and when Mrs. Warren and Jessie Pratt came in with certain small offerings in the shape of cookies and rolls, they were induced to stay. Never did four persons have a merrier time.

No cupboard love about this. June could see that for herself. Hereafter she would cling to the tried and true in her friends and neighbors, and let Mrs. Mason think what she pleased.

Believes Nature Will Change Eye Coloring

In the course of generations there will be no blue-eyed people in London—their eyes will be changed to brown. That is the prophecy of Dr. William Corbett, an eminent English eye specialist. We are suffering from over-civilization, he says. "Our eyes are not constructed for modern purposes. Many more people are affected by eye strain than was the case a few years ago."

According to Doctor Corbett about 25 per cent of the pupils in elementary schools in England have defective vision. They have to wear spectacles. "Our eyes were never intended for educational purposes by nature, but solely for purpose of self protection," says the specialist. "The native of North Africa has deep brown or black eyes which enable him to stand the glare of the bright sunshine upon the sand. The northern European is equipped only, with eyes of gray or blue color. His eyes are intended to receive as much light as is available to the darker northern latitudes. He cannot stand glare."

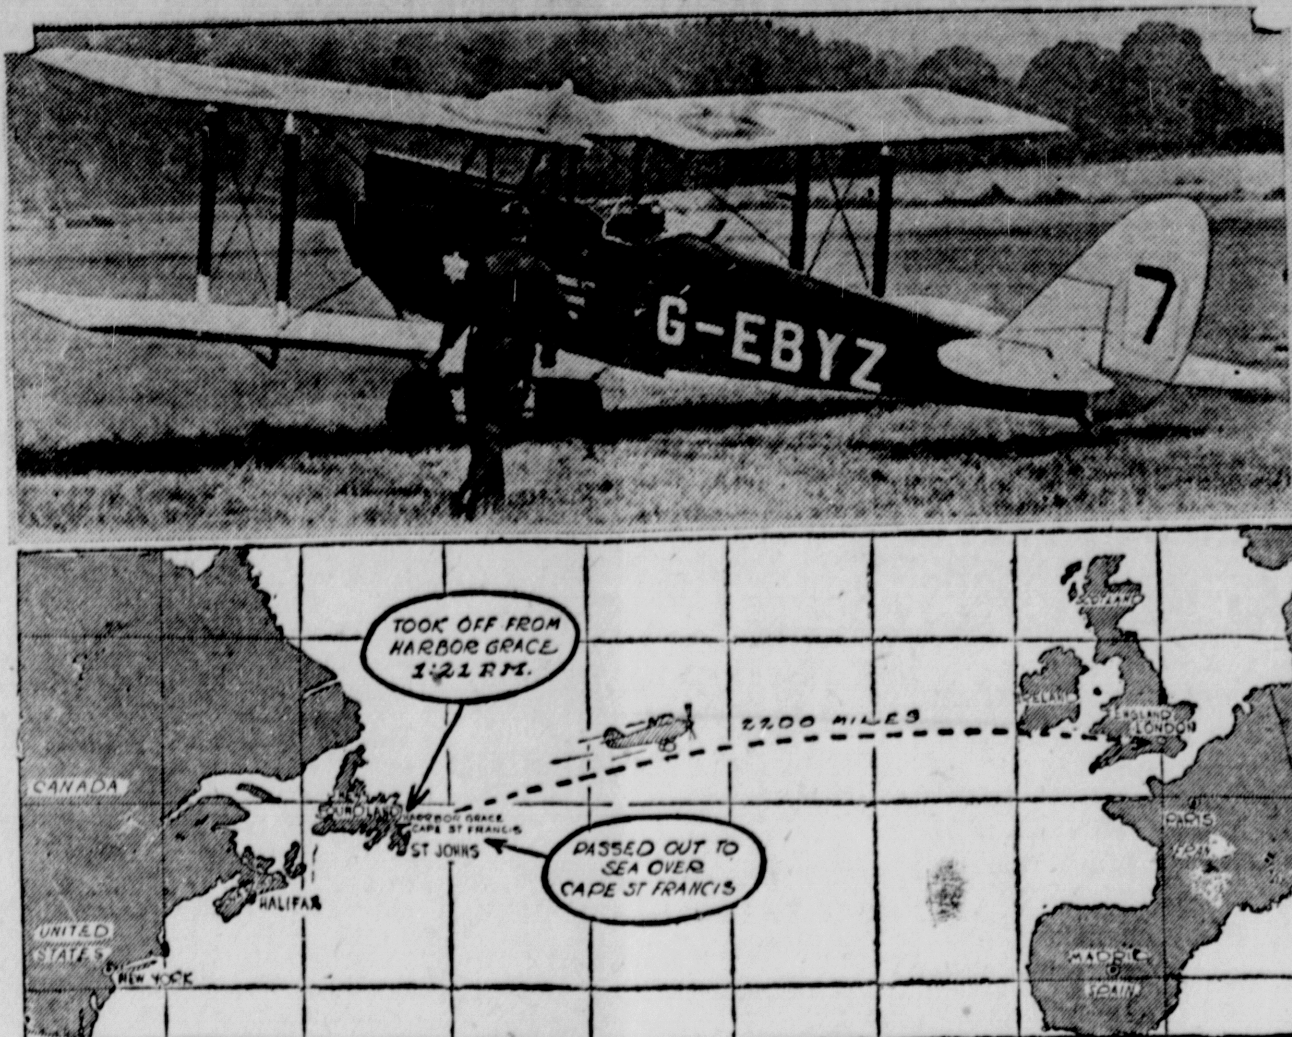

"I hold that nature will adapt herself and produce a brown-colored, protected iris in the eyes of three generations to come—descended from our modern blue-eyed parents—or we shall be more artificial than ever and wear ugly goggles with colored lenses."

Origin of Word "Tobacco"

It is now generally agreed that the word "tobacco" is derived from "tobago," which was an Indian pipe. The tobacco was V shaped, and usually consisted of a hollow, forged reed, the two prongs of which were fitted into the nostrils, the smoke being drawn from tobacco placed in the end of the stem. The island of Tobago, contrary to the belief of many, did not furnish the name for tobacco, but, on the other hand, it was given that name by Columbus, owing to its resemblance in shape to the Indian pipe.

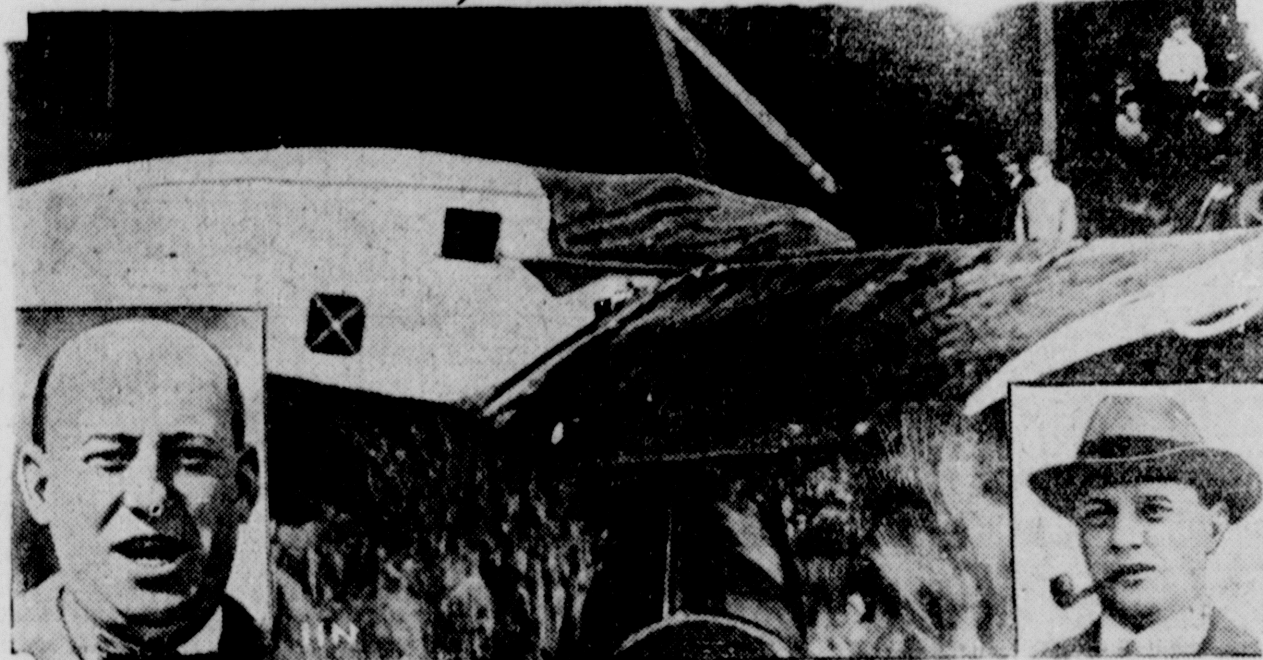

Good Listener

If he can look you squarely in the eye, with every evidence that he is absorbing and digesting your story in the most minute detail and yet not utter a word you say, he is married—Detroit News.

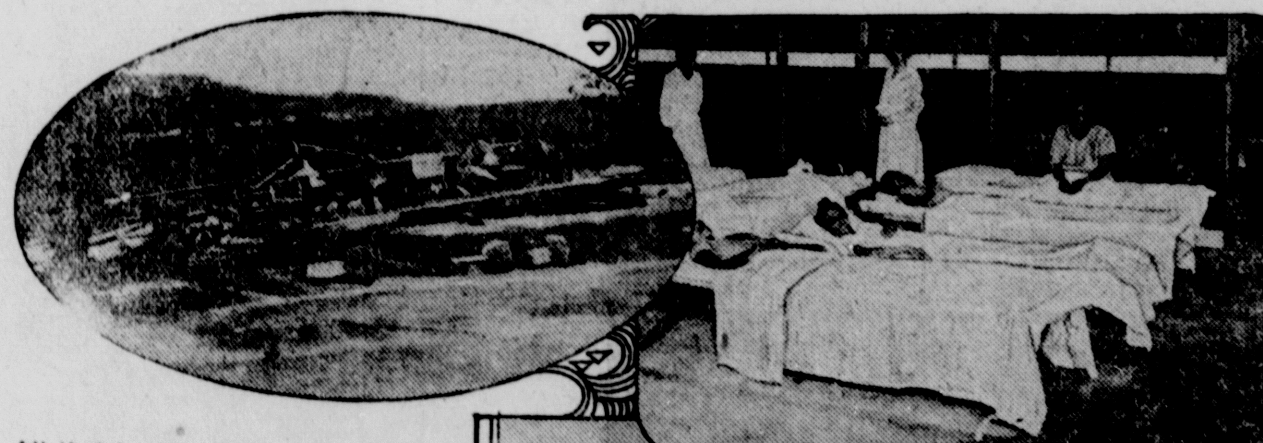

Commander H. C. MacDonald (back to camera), young English flier, hopped from Harbor Grace, N. F., for Croydon, Eng., in the Gypsy Moth plane shown in photo above. The craft was less than half the size of Lindy's Spirit of St. Louis, but had a 100-horsepower motor and carried fuel sufficient to last 24 hours. The map shows intrepid flier's probable course across the Atlantic. Nothing has been heard from him since.

One Dead, Five Hurt in Crash

Six delegates to Investment Bankers' Association convention in Atlantic City, N. J., were injured, one fatally, when the Junkers plane in which they were riding nose-dived into a marsh. Red Cross Disaster Workers Fight Disease and Hunger in Porto Rico

All that is left of a rural school in Porto Rico

"SEND an additional hospital unit."

"We need food."

"We need nurses and doctors."

Day in and day out these requests pour into the disaster relief headquarters at San Juan, Porto Rico, as the American Red Cross wages its fight against hunger and disease in the hurricane swept island.

More than 20,000 persons are ill with typhoid fever, influenza and malaria. Nearly 500,000 are homeless and destitute, without food or shelter except that provided by the relief organization. Sugar cane, banana trees, citrus groves, and pineapple plants, their chief source of food and livelihood, are gone. Medical authorities and the public health officials of the little island, known before the hurricane for its exquisite beauty, say there is grave danger of serious epidemics.

These are the conditions which prompted the people of the United States to send their Red Cross to the aid of Porto Rico which while speaking a different language flies the same flag, has the same institutions, and cherishes the same ideals. Not more than eighteen months ago conditions were reversed, and Porto Rico sent aid to the United States. While not as large or as wealthy, she was one of the first to come to the aid of Mississippi Valley flood sufferers with a substantial contribution of funds.

Like gaunt skeletons of shell torn villages stand more than fifty cities and towns in the central and south-

Standing in line at Red Cross relief headquarters waiting for food. Above—Red Cross Emergency Hospital at San Juan.

ern section of the island. Tobacco factories and sugar cane mills are damaged, adding unemployment to the woes of the population.

Working night and day, the Red Cross is sending a constant stream of supplies into the interior. Three hundred tons of food, a thousand tents, five thousand blankets, six thousand cots, a ton of medical supplies are no unusual one day distribution. The United States, even with its Mississippi Valley flood, has never seen a disaster in which

Found Guilty of Sewer Graft

Maurice E. Connolly, ex-borough president of Queens (New York), is shown smilingly entering his automobile to go home after being found guilty with Frederick B. Seely, Queens engineer, of graft in connection with sewer contracts. Connolly was sentenced to serve one year in prison and pay a fine of \$100, while Seely, convicted by the same jury, obtained a stay sentence. (International Newsreel)

What's a Dynamo?

In England the generator is referred to as a "dynamo." The windshield is termed the "windscreen." A sedan model is a "saloon." Gasoline is known as "petrol." "Anti-bounce clips" take the roughness out of British highways.

Errors Made by Parents

Over-rigid discipline and too much coddling, destroying a child's self-confidence, or causing him to feel fear are all faults which parents must avoid according to one expert.

Or at Ourselves

Why do we men like so well to talk about ourselves? Maybe because we haven't looked closely enough at other people.—Evansville Journal

Smell Snakes

Horses are able to scent snakes and often snort and plunge when they wind a rattler. Sometimes the rattlesnake exudes so strong an odor that it can be detected by a human. Skilled woodsmen sometimes smell a snake before they hear its rattle. The odor has a sickening effect on humans.

Bible Widely Read

The Bible recently has been translated into its 160th language, according to the Christian Century. This was Luba Lulua, the language of the Bantu natives of the Belgian Congo. The Bible can be read in more languages than any other work. Its closest competitors are "The Imitation of Christ" and "Pilgrim's Progress."

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe

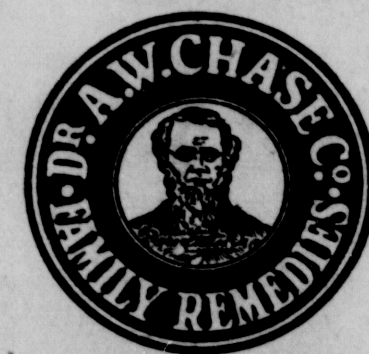

and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

Confidence

DR. A. W. CHASE CO. TONIC

has been sold from Coast to Coast for Thirty Years. There must be a reason.

It is an effective TONIC for General Use. It tends to increase Weight, stimulate the Appetite, aid Digestion and clear the Complexion.

For your protection the Portrait and Signature of A. W. Chase, M. D., is on every Box.

Price 60c at your Druggist or you may order direct from

THE DR. A. W. CHASE COMPANY, INC., 3rd Street, and Van Alst Avenue, Long Island City, N. Y.

NOT A CUPBOARD LOVE

(© by D. J. Walsh.)

JUNE HAYS bit her lip with vexation and tapped her toe with impatience. Here she was dressed for Mrs. Mason's bridge party yet likely to be late, for opposite her old Miss Fry was sitting in the winged chair as if she meant never to leave it. It was an unhappy coincidence that just as June should be about to leave the house old Miss Fry should enter. June had been tempted to say, "Oh! "We need nurses and doctors."

Day in and day out these requests pour into the disaster relief headquarters at San Juan, Porto Rico, as the American Red Cross wages its fight against hunger and disease in the hurricane swept island.

More than 20,000 persons are ill with typhoid fever, influenza and malaria. Nearly 500,000 are homeless and destitute, without food or shelter except that provided by the relief organization. Sugar cane, banana trees, citrus groves, and pineapple plants, their chief source of food and livelihood, are gone. Medical authorities and the public health officials of the little island, known before the hurricane for its exquisite beauty, say there is grave danger of serious epidemics.

These are the conditions which prompted the people of the United States to send their Red Cross to the aid of Porto Rico which while speaking a different language flies the same flag, has the same institutions, and cherishes the same ideals. Not more than eighteen months ago conditions were reversed, and Porto Rico sent aid to the United States. While not as large or as wealthy, she was one of the first to come to the aid of Mississippi Valley flood sufferers with a substantial contribution of funds.

Like gaunt skeletons of shell torn villages stand more than fifty cities and towns in the central and southern section of the island. Tobacco factories and sugar cane mills are damaged, adding unemployment to the woes of the population. Working night and day, the Red Cross is sending a constant stream of supplies into the interior. Three hundred tons of food, a thousand tents, five thousand blankets, six thousand cots, a ton of medical supplies are no unusual one day distribution. The United States, even with its Mississippi Valley flood, has never seen a disaster in which

Standing in line at Red Cross relief headquarters waiting for food. Above—Red Cross Emergency Hospital at San Juan.

a fourth of its population were homeless and destitute and where for weeks they will depend for life on outside aid.

The officials of the Red Cross at Washington point out that the people of the United States will be given an opportunity to endorse the disaster relief work in Porto Rico at the time of the annual nationwide Roll Call between Armistice Day and Thanksgiving, when an appeal is to be made for five million Red Cross members.

Found Guilty of Sewer Graft

Maurice E. Connolly, ex-borough president of Queens (New York), is shown smilingly entering his automobile to go home after being found guilty with Frederick B. Seely, Queens engineer, of graft in connection with sewer contracts. Connolly was sentenced to serve one year in prison and pay a fine of \$100, while Seely, convicted by the same jury, obtained a stay sentence.

(International Newsreel)

What's a Dynamo?

In England the generator is referred to as a "dynamo." The windshield is termed the "windscreen." A sedan model is a "saloon." Gasoline is known as "petrol." "Anti-bounce clips" take the roughness out of British highways.

Errors Made by Parents

Over-rigid discipline and too much coddling, destroying a child's self-confidence, or causing him to feel fear are all faults which parents must avoid, according to one expert.

Or at Ourselves

Why do we men like so well to talk about ourselves? Maybe because we haven't looked closely enough at other people.—Evansville Journal

Smell Snakes

Horses are able to scent snakes and often snort and plunge when they find a rattler. Sometimes the rattlesnake exudes so strong an odor that it can be detected by a human. Skilled woodsmen sometimes smell a snake before they hear its rattle. The odor has a sickening effect on humans.

Bible Widely Read

The Bible recently has been translated into its 169th language, according to the Christian Century. This was Luba Lulua, the language of the Bantu natives of the Belgian Congo. The Bible can be read in more languages than any other work. Its closest competitors are "The Imitation of Christ" and "Pilgrim's Progress."

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe

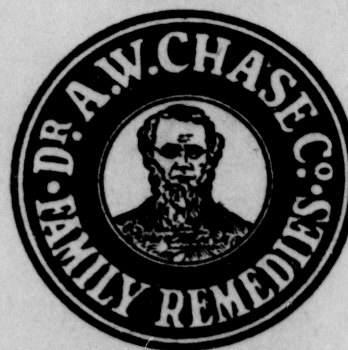

and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

Confidence

DR. A. W. CHASE CO. TONIC

has been sold from Coast to Coast for Thirty Years. There must be a reason.

It is an effective TONIC for General Use. It tends to increase Weight, stimulate the Appetite, aid Digestion and clear the Complexion.

For your protection the Portrait and Signature of A. W. Chase, M. D., is on every Box.

Price 60c at your Druggist or you may order direct from

THE DR. A. W. CHASE COMPANY, INC., 3rd Street, and Van Alst Avenue, Long Island City, N. Y.

PRESBYTERIAN CHURCH DEDICATION SERVICES

Large Attendance at Services Sunday Morning, Afternoon and Evening

EXERCISES ARE BEAUTIFUL

Exclamations of Delight Heard as All View Exterior and Interior of Church

Rain did not dampen the ardor and enthusiasm of the congregation and friends of the First Presbyterian church who gathered at the church Sunday morning, afternoon and evening to observe the dedication services.

Flowers used in the decorations were contributed by members of the congregation and friends, with special reference to the contribution made by Miss Sullivan of Minneapolis.

Exclamations of delight were heard on all sides as the people viewed exterior and interior of the completed church. At the 10:30 o'clock morning service the sermon was delivered by Rev. W. R. Harshaw, D. D., District Secretary under the direction of the General Council of the Presbyterian church.

Rev. Harshaw spoke of the church, not as a building, but as a people. He took up the matter that the church is an organism, not an organization, because an organization is dead, while an organism is a living thing. He developed the thought that an organism is a living thing and the next thing is that it is a loving thing.

The first numbers of the dedication chorus were given and they sang wonderfully. They were directed by Miss Cora E. Rickard. Miss Lorraine Morrison presided at the piano.

The invocation was given by Rev. W. J. Lowrie of Windom, former pastor of the First Presbyterian church.

At this morning's service 49 new members were received into church membership.

The dedication services proper took place at 3 o'clock and the dedication sermon was delivered by Rev. John E. Bushnell, D. D., pastor of Westminster Presbyterian church of Minneapolis. He took his text from I. Corinthians, Chapter 3, Verses 12 and 13:

"But if any man buildeth on the foundation gold, silver, costly stones, wood, hay, stubble; each man's work shall declare it, because it is revealed in fire; and the fire itself shall prove each man's work of what sort it is."

Dr. Bushnell went on to say that the church has always been tested and tried. It always had been criticized by the people. People have always placed fingers on weaknesses of the church. They had always suggested things that the church ought to do, beyond what it was doing. But amidst all of the criticism, the church has gone forward and the statistics of the last year have shown they have made more marked success than in any year previous.

He urged the people to be faithful and loyal to the church, because Jesus Christ was the foundation of it, and that it was going to endure through the ages.

He paid a very fine tribute to the pastor, and to the congregation of the local church, expressing his great delight at being present and having the pleasure of delivering the dedicatory sermon.

The responsive dedicatory service was read, and concluded with the dedicatory prayer by Rev. W. J. Lowrie.

In addition to the dedication chorus numbers, a solo was also on the program, given by Rowland G. Jenkins. Rev. W. J. Lowrie gave the invocation and Rev. N. P. Olmsted, pastor of the First Congregational church, gave the prayer.

Before the service of dedication, Rev. A. G. Patterson went to each window in the church, giving the names of the donors and explaining the pictures, and paying a tribute to the artist whose skill in execution made the windows so beautiful.

The two solos in the morning and afternoon services, one by Miss Cora E. Rickard and the other by Rowland G. Jenkins were very beautiful.

The pastor during the service introduced the building committee which had been elected by the congregation, and also paid tribute to all the officers of the church, and organizations and to the whole congregation. He thanked those who assisted in the choir. He also thanked all donors to the church, also gave thanks to the workers on the church who gave such good service under the direction of J. E. Jackson.

As tested by the speakers, the chorus and soloists as well as congregational singing, the acoustics of the auditorium were found well adapted.

The sermon at the evening service was delivered by Rev. W. J. Lowrie of Windom. He brought out the distinction in the word "fear." The Bible significance of the word is loving intensely without any fear of approaching. He brought out that the world's idea of the word is to be afraid. He showed very characteristically the place of the Bible's meaning of fear in the home and in

the church, and leaving the community, citing many examples where the lack of this sense led to violation of laws of home and state.

Rev. Floyd A. Kufus, who has recently assumed the pastorate of the First Methodist church of Brainerd, led in prayer. The anthems given by the dedication chorus were very beautiful.

The attendance at all three services taxed the accommodations of the church. Extra seating was provided. Tonight continues the dedicatory services of the church. The meeting begins at 8 o'clock. Every effort will be made to accommodate seating for all who shall attend.

Rev. Alexander G. Patterson will preside, and extend a word of welcome to the community. The response will be given by Rev. J. R. Michaelson representing the Brainerd Ministerial Association. A further response will be given by Mayor Frank E. Little, representing the community at large.

The address of the evening will be given by Governor Theodore Christianson. The public is invited to attend for it is a fellowship meeting to which the entire city and community is invited.

The program in detail is as follows:

Piano prelude.
Invocation.
Hymn.
Welcome by the pastor.
Response—Rev. J. R. Michaelson.
Response—Mayor Frank E. Little.
Anthem.
Introduction by the pastor.
Address—Gov. Theodore Christianson.
Benediction.

The service Tuesday evening at 8 o'clock is for men of the community. C. D. McKay will preside. The welcoming address will be given by A. C. Erickson, and response by R. R. Gould. The address of the evening will be delivered by C. M. Shaughnessy, of Minneapolis.

Further services follow on Wednesday and Thursday evenings.

FETE WINNERS AT OYSTER SUPPER

Brainerd Members of Rushworth Encampment Entertain District Members Friday

E. G. HAYMAKER, SPEAKER

Patriarchal Degree Conferred on Class of Candidates

Brainerd members of the Rushworth Encampment, I. O. O. F. entertained 60 members from the district Friday evening at an oyster supper in the I. O. O. F. hall in payment for losing a membership contest in which Crosby, Ironton and Deerwood lined up against Brainerd.

Guests from Staples and Motley were among those invited. Ira L. Tomlinson chief patriarch was toastmaster of the evening while E. G. Haymaker, of Motley, grand encampment officer gave the address of the evening. The patriarchal degree was conferred on a class of candidates.

Those in charge of the supper were: committee, Charles Risk, Dan Chord, Fremont Strout; Louis Moilanen, cook.

BELL ORCHESTRA TO PLAY IN CHURCH

Six Artists to Give Recital at Clara Lutheran Church

ON FRIDAY, NOVEMBER 9

Swedish American Bell Orchestra Recommended by Rev. Roy L. Smith

The Swedish American Bell orchestra composed of six artists that will give a splendid program of vocal, instrumental and glassophone selections have been engaged to play at the Clara Lutheran church on Friday November 9.

The organization is reported to have the world's largest set of bells with them. They are very well spoken of by Rev. Roy L. Smith, the pastor of the Minneapolis Simpson M. E. church and by many other notables throughout the northwest.

At Little Falls several months ago this company gave a varied program of classical, sacred and old favorite numbers. The program, two hours in length, was well rounded and included vocal solos, male quartet selections, glassophone solos and counterparts for the violin and clarinet.

Their set of bells, 206 in number, six full octaves, have attracted a great deal of attention and the players are said to play them with far more than average ability.

PLANE DASHES INTO TELEPHONE POLE AND AUTOMOBILE

Hattiesburg, Miss., Oct. 22.—(UP)—Lavon Rogers, 16, was fatally injured and three other members of the family slightly injured when a plane piloted by John Hagan of Orlando, Fla., struck a telephone wire and crashed on an automobile at an air circus here late yesterday. Hagan also was slightly injured.

Hagan said he was attempting to land in the roadway after the crowd had swarmed onto the landing field. A wing became entangled with telephone wires and he crashed on top of the automobile.

Mussels' Stranglehold

When the liner Montreal was docked at Tilbury after lying for several years off Southend, 100 tons of mussels were removed from the under-part of the vessel's hull.

100 ABSENT VOTERS SEND APPLICATIONS

Much Interest Shown in This Year's Election, County Auditor Reports

SENDS OUT BALLOTS

Many of Absent Voters Are First Time Voters at Schools

In the opinion of County Auditor C. W. Mahlum, more interest is being shown in this year's general election, November 6, than any he can previously remember.

Mr. Mahlum reported this morning that already he had received about 100 absent voters applications.

"These applications have come from different parts of the country," Mr. Mahlum said, "from people who maintain their residence in this county but who are away temporarily. Official ballots are forwarded them and they record their votes which are placed in special envelopes and mailed by the voter to judges of election."

Many of the absent voters are first time voters attending schools.

MAPLE GROVE MEN LEAVE FOR AFRICA

William and Ed. Barto Join Group at Minneapolis Today on Way to Copper Mines

JOURNEY TAKES 45 DAYS

Will Remain in Mining Fields of Rhodesia for Next Three Years

William and Edward Barto, of Maple Grove, township, were on their way today to adventure and work in the copper fields of South Africa.

The two left Brainerd today to join a group of six men from Minneapolis, starting a 45 days trip that will take them to Capetown, South Africa from where they will journey to the mine where they are to work for the next three years at N-Dola, Rhodesia, South Africa.

The eight young men will leave New York City, October 24 on the S. S. Leviathan for England from where they will continue to South Africa.

CHICAGO ARTIST DIES

William L. Tibbs Passed Away at Home of Sister, Mrs. George Ramsey

William L. Tibbs, aged 46 years, Chicago artist, died Saturday at the home of Mr. and Mrs. George Ramsey, Sylvan. He was visiting his sister, Mrs. Ramsey at the time. He had come to Minnesota in the hope of regaining his health.

The body will be shipped tomorrow to Chicago for burial.

CONFESSED SLAYER

FACES MURDER CHARGE

St. Paul, Oct. 22.—(UP)—Aloysius H. Neffger, Mahanomen, Wis., confessed slayer of Louis J. Bohan, Minneapolis typewriter salesman, today was returned to Hayward, Wis., to face a charge of murder.

Neffger recently surrendered to a Montana marshal and Saturday before General W. F. Rhinow, head of the Minnesota Bureau of criminal apprehension, he confessed the killing of Bohan last July near Radisson, Wis.

The 21-year old youth said he shot Bohan to death during an attempted robbery and confessed 200 minor crimes in the northwest. He said he was anxious to stand trial and "have it over with."

COMPLETE SET OF BUILDING PLANS

Architects to Submit Plans for High School at Meeting Thursday

BOARD TO CONSIDER THEM

If Accepted, Order Will Likely be Made to Advertise for Bids

The Brainerd Board of Education will meet in special session Thursday evening at 8 o'clock to consider the complete set of plans for the construction of the Washington high school building to be submitted by the architects, Kroft and Boerner, of Minneapolis.

If plans submitted are accepted it is probable that the board will direct the secretary to advertise for bids for construction.

Submission of the complete set of plans by the architects comes later than the time hoped for by the board. However in view of the fact that the architects are under heavy bond they no doubt have been proceeding cautiously before submitting their complete set of working plans before construction is undertaken.

There's a Lot of Satisfaction

A MAYTAG for Every Farm Home

For homes with electricity, the Maytag is available with electric motor.

The Gasoline Multi-Motor

The Maytag Gasoline Multi-Motor will give you the same steady, smooth flow of power as an electric motor, and is just as easy for the woman to operate. Starter and engine are combined in one unit. A step on the pedal starts it. The carburetor has but one adjustment and is flood proof. All bearings are high-grade bronze. The motor is air cooled and has Bosch high-tension magneto.

Whether your home is wired for electricity or not, you can enjoy the advantages of the Maytag. It is powered either with an electric motor or the Maytag gasoline Multi-Motor.

The Maytag does an average farm washing in an hour or so, and it washes so thoroughly that no hand-rubbing is necessary, even on grimy overalls. It saves your health and saves time that can be easily turned to profit.

The roomy, cast-aluminum tub keeps the water hot for an entire washing. The gyrafoam washing action makes water do the washing—the fast, thorough, gentle way. The Roller Water Remover with a soft top roll and hard bottom roll, wrings everything evenly dry without harming the buttons. It automatically adjusts the tension and reverses the drainboard, and has a convenient safety feed.

Free Trial for a Week's Washing

The Maytag must sell itself to you on the speed and ease with which it does your biggest washing. Write or telephone for one before next wash-day. If it doesn't sell itself, don't keep it.

BELL ORCHESTRA TO PLAY IN CHURCH

Six Artists to Give Recital at Clara Lutheran Church

ON FRIDAY, NOVEMBER 9

Swedish American Bell Orchestra Recommended by Rev. Roy L. Smith

The Swedish American Bell orchestra composed of six artists that will give a splendid program of vocal, instrumental and glassophone selections have been engaged to play at the Clara Lutheran church on Friday November 9.

The organization is reported to have the world's largest set of bells with them. They are very well spoken of by Rev. Roy L. Smith, the pastor of the Minneapolis Simpson M. E. church and by many other notables throughout the northwest.

At Little Falls several months ago this company gave a varied program of classical, sacred and old favorite numbers. The program, two hours in length, was well rounded and included vocal solos, male quartet selections, glassophone solos and counterparts for the violin and clarinet.

Their set of bells, 206 in number, six full octaves, have attracted a great deal of attention and the players are said to play them with far more than average ability.

PLANE DASHES INTO TELEPHONE POLE AND AUTOMOBILE

Hattiesburg, Miss., Oct. 22.—(UP)—Lavon Rogers, 16, was fatally injured and three other members of the family slightly injured when a plane piloted by John Hagan of Orlando, Fla., struck a telephone wire and crashed on an automobile at an air circus here late yesterday. Hagan also was slightly injured.

Hagan said he was attempting to land in the roadway after the crowd had swarmed onto the landing field. A wing became entangled with telephone wires and he crashed on top of the automobile.

Mussels' Stranglehold

When the liner Montreal was docked at Tilbury after lying for several years off Southend, 100 tons of mussels were removed from the under-part of the vessel's hull.

Comfort in every room with STOTT BRIQUETS

"It's the Blend" that does it! That satisfying steady heat you get from STOTT Briquets comes from the perfect blend of "quick-pick-up" Pocahontas Smokeless and the "long-burning" washed Pennsylvania hard coal. Very little ashes—and no clinkers. And they're made in convenient, uniform size—like little pillows, 2 inches square—to make firing easy. Order by name—STOTT BRIQUETS—from your dealer—Today.

100 ABSENT VOTERS SEND APPLICATIONS

Much Interest Shown in This Year's Election, County Auditor Reports

SENDS OUT BALLOTS

Many of Absent Voters Are First Time Voters at Schools

In the opinion of County Auditor C. W. Mahlum, more interest is being shown in this year's general election, November 6, than any he can previously remember.

Mr. Mahlum reported this morning that already he had received about 100 absent voters applications.

"These applications have come from different parts of the country," Mr. Mahlum said, "from people who maintain their residence in this county but who are away temporarily. Official ballots are forwarded them and they record their votes which are placed in special envelopes and mailed by the voter to judges of election."

Many of the absent voters are first time voters attending schools.

MAPLE GROVE MEN LEAVE FOR AFRICA

William and Ed. Barto Join Group at Minneapolis Today on Way to Copper Mines

JOURNEY TAKES 45 DAYS

Will Remain in Mining Fields of Rhodesia for Next Three Years

William and Edward Barto, of Maple Grove township, were on their way today to adventure and work in the copper fields of South Africa.

The two left Brainerd today to join a group of six men from Minneapolis, starting a 45 days trip that will take them to Capetown, South Africa from where they will journey to the mine where they are to work for the next three years at N-Dola, Rhodesia, South Africa.

The eight young men will leave New York City, October 24 on the S. S. Leviathan for England from where they will continue to South Africa.

CHICAGO ARTIST DIES

William L. Tibbs Passed Away at Home of Sister, Mrs. George Ramsey

William L. Tibbs, aged 46 years, Chicago artist, died Saturday at the home of Mr. and Mrs. George Ramsey, Sylvan. He was visiting his sister, Mrs. Ramsey at the time. He had come to Minnesota in the hope of regaining his health.

The body will be shipped tomorrow to Chicago for burial.

CONFESSED SLAYER

FACES MURDER CHARGE

St. Paul, Oct. 22.—(UP)—Aloysius H. Netzer, Mahanomen, Wis., confessed slayer of Louis J. Bohan, Minneapolis typewriter salesman, today was returned to Hayward, Wis., to face a charge of murder.

Netzer recently surrendered to a Montana marshal and Saturday before General W. F. Rhinow, head of the Minnesota bureau of criminal apprehension, he confessed the killing of Bohan last July near Radisson, Wis.

The 21-year old youth said he shot Bohan to death during an attempted robbery and confessed 200 minor crimes in the northwest. He said he was anxious to stand trial and "have it over with."

COMPLETE SET OF BUILDING PLANS

Architects to Submit Plans for High School at Meeting Thursday

BOARD TO CONSIDER THEM

If Accepted, Order Will Likely be Made to Advertise for Bids

The Brainerd Board of Education will meet in special session Thursday evening at 8 o'clock in its meeting room in the city hall to consider the complete set of plans for the construction of the Washington high school building to be submitted by the architects, Krott and Boerner, of Minneapolis.

If plans submitted are accepted it is probable that the board will direct the secretary to advertise for bids for construction.

Submission of the complete set of plans by the architects comes later than the time hoped for by the board. However in view of the fact that the architects are under heavy bond they no doubt have been proceeding cautiously before submitting their complete set of working plans before construction is undertaken.

There's a Lot of Satisfaction

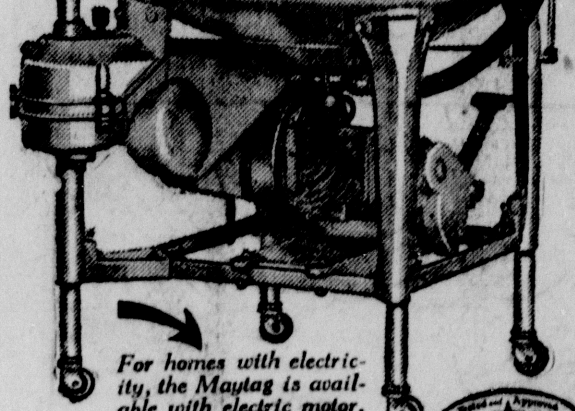

in being able to say to yourself, whenever you pass this bank, "There's some money there earning interest for me!"

If you haven't a Savings Account with us, why not start one now?

CITIZENS STATE BANK OF BRAINERD

Oldest and Largest State Bank in Crow Wing Co.

A MAYTAG for Every Farm Home

For homes with electricity, the Maytag is available with electric motor.

The Gasoline Multi-Motor

The Maytag Gasoline Multi-Motor will give you the same steady, smooth flow of power as an electric motor, and is just as easy for the woman to operate. Starter and engine are combined in one unit. A step on the pedal starts it. The carburetor has but one adjustment and is flood proof. All bearings are high-grade bronze. The motor is air cooled and has Bosch high-tension magneto.

Whether your home is wired for electricity or not, you can enjoy the advantages of the Maytag. It is powered either with an electric motor or the Maytag gasoline Multi-Motor.

The Maytag does an average farm washing in an hour or so, and it washes so thoroughly that no hand-rubbing is necessary, even on grimy overalls. It saves your health and saves time that can be easily turned to profit.

The roomy, cast-aluminum tub keeps the water hot for an entire washing. The gyrafoam washing action makes water do the washing—the fast, thorough, gentle way. The Roller Water Remover with a soft top roll and hard bottom roll, wrings everything evenly dry without harming the buttons. It automatically adjusts the tension and reverses the drainboard, and has a convenient safety feed.

Free Trial for a Week's Washing

The Maytag must sell itself to you on the speed and ease with which it does your biggest washing. Write or telephone for one before next wash-day. If it doesn't sell itself, don't keep it.

Maytag Aluminum Washer

Broadway Love

by Thomas Edgelow

WHAT HAS HAPPENED SO FAR.

WHEN Fenimore Wilde, famous Broadway actor dies, his young and pretty daughter Janet obtains a job with John Montague, theatrical impresario, while her brother Frank, an idler, goes South. Janet makes friends with Leonard Quigg, a temperamental musician who loves her, and Dr. David Churchill. When Montague insults her Janet becomes Dr. Churchill's secretary. He tells her he is in love with her and wants to divorce his wife. So Janet gives up her position and goes to live with Chester Quigg, Leonard's artist uncle, and his little daughter, Alice. She learns how to please old Mrs. Quigg, Chester's mother, and generally makes life pleasant for the Quiggs. Frank Wilde returns home and introduces Janet to Cora Niles, his sweetheart. John Montague dies, leaving \$200,000 to Janet, and later she meets Wyndham Stonor, English playwright, who becomes interested in her. But Janet is falling in love with Leonard. Churchill operates on Alice Quigg and calls on Janet after the operation. They are surprised by detectives, hired by Mrs. Churchill. Since Janet is in negligence and David has removed his coat to prepare supper, the detectives leave satisfied. Leonard tells Janet he is in love with her, but the next afternoon she sees him in a car with Mrs. Churchill. Piqued, she accepts Stonor's dinner invitation.

NOW GO ON WITH THE STORY.

CHAPTER XLIV.

SOME time before this Wyndham Stonor had made his peace with Amy Churchill. He explained the broken dinner engagement with engaging frankness, and Amy had partly believed him, and had forgiven him, in view of the impending divorce. She pictured a triumphant social career in London, as the wife of Wyndham Stonor, although she had not yet told him of her suit against her husband. She did not wish to mention Janet's name, because, somewhat naively, she believed it would enhance Janet's value in the eyes of a worldling such as Wyndham Stonor.

But on the afternoon of the day when Wyndham was to take Janet to dinner, he was called on Amy, and for the first time heard the news concerning her divorce plans. "So before long I shall be free, Wyndham," Amy sighed sentimentally.

Now that morning Stonor had been trying to make up his mind whether he would return home at once or stay in New York a little longer. Amy made up his mind for him.

He realized that he was in the greatest danger. Why the woman was threatening his liberty! He had not the faintest intention of marrying for a long time and then he would never pick a woman of Amy's type! What—marry a woman with two children! Inherit a ready-made family as it were! And how dared she think that because he had made it obvious that she attracted him that he was going to marry her! Why, they had not even had an affair, although, as Wyndham reflected with a smile, that had not been his fault. But, marry her!

"I think all of you sweet people divorce much too easily," he said with a nice touch of morality. "I really don't know where it will end! I'm not preaching, or anything like that, but really, Amy, everyone has certain responsibilities in life. You have your children—and what are children without a father's love?"

"I don't suppose you are in love

with your husband," he said, "but life is made up of stern realities. I'm a little disappointed in you, Amy! You ought to forgive the fellow, we're all liable to err! And you're probably laying up a lonely old age for yourself. Think of that, even if your moral sense will permit you to put—to put your husband asunder after you have been joined together!"

Amy was deprived of the power of speech. She had expected anything but this tone. Wyndham as a moralist! Wyndham as the defender of the hearth and home! So, as she sat wrestling with a desire to forget that she was a lady, Wyndham proceeded to bow himself calmly out.

"I shall always take the greatest interest in you," he said kindly. "Even when I am far away, and I'm sailing at midnight on Friday, I have been called home suddenly, which is what I came to tell you when you shocked me with your news. I hope that you will write to me and tell me that you have reconsidered this rash step you contemplate. I hope, and it was here that he stepped firmly towards the door, "that your little children will plead for their father—more poignantly than I am able to do!"

Casual passers-by were a little amazed to see an extremely well-dressed Englishman laughing aloud at apparently nothing at all.

But a joke is nothing if it is not shared. Unable to wait for the evening, Wyndham hailed a taxi and, taking a chance that Janet would be in, he drove to the studio.

"I couldn't wait," he told her, when Janet had welcomed him. "I have the joke of the ages to tell you," Wyndham Stonor tittered with great appreciation. He lit a cigarette, and then with infinite relish he proceeded to rehash for Janet the scene in which he had played such an amusing part.

"I really began to believe it myself," he concluded. "I don't know how to describe to you the lady's astonishment. I should have kept it for dinner this evening, but it could not wait! I imagine that Mrs. Churchill at

this moment is still gasping for breath when she thinks of the moralist and the reformer, Wyndham Stonor!"

"But I'm not dining with you tonight," Janet announced in a conversational voice. "But you promised!" he protested.

"All the same, I'm not," Janet said, as she rose from her chair and walked slowly to the door, which she opened. "I dine with all sorts of people, Wyndham, but I've never yet dined with a cad."

It was a beautifully said—quietly enunciated, and the celebrated playwright who made women his hobby looked as though someone had just struck his across the face. "I don't understand what you mean," he blustered helplessly. "It's a joke—I consider it in bad taste."

"A cad can hardly be expected to understand a question of taste," Janet replied in the same quiet voice. To have fooled a stupid woman and then to come and brag and laugh about it to me—well, I don't know that sort of man, Elizabeth!" she called, "open the outer door for Mr. Stonor."

The next morning when Leonard came to see her, Janet determined that if he did not tell her of seeing Amy Churchill, she would not let him know what she knew.

Leonard was in an enthusiastic vein, for things were going well with him.

"And I was wondering," he said, "if you're a little more sure, Janet? Don't you see, dear, that while money is a horrible thing in its way, it does make things easier? Before—well, I don't know how we could have married, but at least that part of it is settled."

But he said nothing about Amy Churchill.

He talked on, but Janet wanted to know.

"I didn't know that you knew Amy Churchill?" she came to the point.

"Oh, didn't you?" he replied evasively.

"No, I didn't! I saw you with her by chance the day before yesterday."

"Yes, we were driving together," Leonard answered as though it were not of any importance.

Janet looked at him, but he showed no sign of wishing to explain. Instead, he moved to the piano and began to improvise.

"Got it!" he triumphed. "Listen to this!" He began to play, but Janet was not in a receptive mood.

"I have to go out," she said, feeling that she could not sit still. "Can I stay here and work this out?" he asked without looking up from the piano.

"Oh, of course!" Janet gave him permission.

She was in one of her worst moods as she left the house and came out on the street. And as she reached it, a car pulled up beside her.

Inside was David Churchill.

(To Be Continued.)

So That's How It Happened?

Dr. Hugo Eckener, commander of the great Graf Zeppelin, and his son, Knut Eckener, a member of the crew, were too busy with the details of landing the dirigible to pay much attention to the spectacle they were creating. So they read about it the next day over their breakfast coffee in the Hotel Warwick, where they are making their residence in New York City.

LIVESTOCK, PRODUCE AND GRAIN MARKETS

CHICAGO LIVESTOCK

Chicago, Oct. 22.—(By Department of Agriculture)—HOGS—Receipts, 43,000. Market fairly active, generally steady with last week's close; all interests buying; top \$9.75, paid freely for 210-250 lb weights. Butchers, medium to choice, 250-350 lbs, \$9.15@9.75; 200-250 lbs, \$9.20@9.75; 160-200 lbs, \$9@9.70; 130-160 lbs, \$8.65@9.60; packing sows, \$8.25@8.80; pigs, medium to choice, 90-130 lbs, \$8.35@9.

CATTLE—Receipts, 25,000. Calves, receipts, 3,000. Despite unreliable and very thin eastern shipper demand, meager supply of better grade steers and yearlings about steady; others and stockers and feeders weak to 25c off. Slaughter classes: Steers, good and choice, 1300-1500 lbs, \$14@17.25; 1100-1300 lbs, \$14@17.25; 950-1100 lbs, \$14@17.50; common and medium, 850 lbs up, \$8.75@14. Fed yearlings, good and choice, 750-950 lbs, \$14.50@17.50. Heifers, good and choice, 850 lbs down, \$14@17; common and medium, \$8@14. Cows, good and choice, \$9@11.75; common and medium, \$7@9; low cutter and cutter, \$5.50@7. Bulls, good and choice (beef), \$9.50@10.75; cutter to medium, \$6.50@9.25. Vealers (milk fed), good and choice, \$13.50@15.50; medium, \$13@13.50; cull and common, \$8.50@13. Stocker and feeder steers, good and choice (all weights), \$11.50@12.75; common and medium, \$8.75@11.50.

SHEEP—Receipts, 25,000. Slaughter lamb buyers cautious because of unsatisfactory condition of eastern dressed trade; early sales and bids 25c@50c lower than Friday; sheep steady to weak. Lambs, good and choice (92 lbs down), \$12.25@13.35; medium, \$11.35@12.25; cull and common, \$7.50@11.35. Ewes, medium to choice (150 lbs down), \$4.25@6.50; cull and common, \$1.75@5. Feeder lambs, good and choice, \$12.25@13.25.

ASSASSINATION OF NEGRO BROUGHT INTO ELLER TRIAL

Chicago, Oct. 22.—(UP)—The assassination of Octavius C. Granady, negro opponent of Morris "Boss" Eller for ward committeeman, probably will be brought into the conspiracy trial of 16 Eller henchmen this week, Prosecutor Edwin J. Raber said today.

The trial entered its second week today with 50 of state's witnesses still to be heard from.

Sixteen political workers, alleged henchmen of Morris Eller, "boss of the bloody 20th ward," and his son, Judge Emanuel Eller, are charged with conspiracy in connection with violence committed at the primary polls last April.

The defendants also are charged with the murder of Granady, who was slain election day as he canvassed the ward with his workers.

Interesting Fact
An "Anti-Road Hog League" has been formed in Australia.

Are You Run Down, Weak, Nervous?
To have plenty of firm flesh and the ability to do a big day's work and feel "like a two-year old" at night, you must eat three good meals a day, relish your food and properly digest it. If you can't eat, can't sleep, can't work, just take a teaspoonful of Tanlac before meals.

Mr. Edward D. Lavan, of 300 E. Broadway, Waukegan, Wis., says: "My stomach was always out of order. I was nervous and had lost considerable weight. Tanlac surely put me in good condition. Now I can eat anything and have gained 38 lbs."

Tanlac is wonderful for indigestion and constipation—gas, pains, nausea, dizziness and headaches. It brings back lost appetite, helps you digest your food, and gain strength and weight. It contains no mineral drugs; it is made of roots, barks and herbs, nature's own medicines for the sick. The cost is less than 2 cents a dose. Get a bottle from your druggist. Your money back if it doesn't help.

Tanlac

Keep youth longer!

cleanse the system of poisons

Two of the great enemies to youth and vitality are delayed elimination and intestinal poisons. To keep your self free from both these common difficulties will help you to stay young.

With the use of Nujol you can do it too. For Nujol absorbs body poisons and carries them off, preventing their absorption by the body. Nujol also softens the waste matter and brings about normal evacuation. It is harmless; contains no drugs or medicine. It won't cause gas or griping pains, or affect the stomach or kidneys. Every corner druggist has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today.

"YOO-HOO"

10-72

Broadway Love

by Thomas Edgewood

WHAT HAS HAPPENED SO FAR.

WHEN Fenimore Wilde, famous Broadway actor dies, his young and pretty daughter Janet obtains a job with John Montague, theatrical impresario, while her brother Frank, an idler, goes South. Janet makes friends with Leonard Quigg, a temperamental musician who loves her, and Dr. David Churchill. When Montague insults her Janet becomes Dr. Churchill's secretary. He tells her he is in love with her and wants to divorce his wife, so Janet gives up her position and goes to live with Chester Quigg, Leonard's artist uncle, and his little daughter, Alice. She learns how to placate old Mrs. Quigg, Chester's mother, and generally makes life pleasant for the Quiggs. Frank Wilde returns home and introduces Janet to Cora Niles, his sweetheart. John Montague dies, leaving \$200,000 to Janet, and later she meets Wyndham Stonor, English playwright, who becomes interested in her. But Janet is falling in love with Leonard. Churchill operates on Alice Quigg and calls on Janet after the operation. They are surprised by detectives, hired by Mrs. Churchill. Since Janet is in negligence and David has removed his coat to prepare supper, the detectives leave satisfied. Leonard tells Janet he is in love with her, but the next afternoon she sees him in a car with Mrs. Churchill. Piqued, she accepts Stonor's dinner invitation.

NOW GO ON WITH THE STORY.

CHAPTER XLIV.

SOME time before this Wyndham Stonor had made his peace with Amy Churchill. He explained the broken dinner engagement with engaging frankness, and Amy had partly believed him, and had forgiven him, in view of the impending divorce. She pictured a triumphant career in London, as the wife of Wyndham Stonor, although she had not yet told him of her suit against her husband. She did not wish to mention Janet's name, because, somewhat naively, she believed it would enhance Janet's value in the eyes of a worldling such as Wyndham Stonor.

But on the afternoon of the day when Wyndham was to take Janet to dinner, he was calling on Amy, and for the first time heard the news concerning her divorce plans.

"So before long I shall be free, Wyndham," Amy sighed sentimentally.

Now that morning Stonor had been trying to make up his mind whether he would return home at once or stay in New York a little longer. Amy made up his mind for him.

He realized that he was in the greatest danger. Why the woman was threatening his liberty! He had not the faintest intention of marrying for a long time and then he would never pick a woman of Amy's type! What—marry a woman with two children! Inherit a ready-made family as it were! And how dared she think that because he had made it obvious that she attracted him that he was going to marry her! Why, they had not even had an affair, although, as Wyndham reflected with a smile, that had not been his fault. But, marry her!

"I think all of you sweet people divorce much too easily," he said with a nice touch of morality. "I really don't know where it will end! I'm not preaching, or anything like that, but really, Amy, everyone has certain responsibilities in life. You have your children—and what are children without a father's love?"

"I don't suppose you are in love

with your husband," he said, "but life is made up of stern realities. I'm a little disappointed in you, Amy! You ought to forgive the fellow, we're all liable to err! And you're probably laying up a lonely old age for yourself. Think of that, even if your moral sense will permit you to put—to put your husband asunder after you have been joined together!"

Amy was deprived of the power of speech. She had expected anything but this tone. Wyndham as a moralist! Wyndham as the defender of the hearth and home! So, as she sat wrestling with a desire to forget that she was a lady, Wyndham proceeded to bow himself calmly out.

"I shall always take the greatest interest in you," he said kindly. "Even when I am far away, and I'm sailing at midnight on Friday, I have been called home suddenly, which is what I came to tell you when you shocked me with your news. I hope that you will write to me and tell me that you have reconsidered this rash step you contemplate. I hope," and it was here that he stepped firmly towards the door, "that your little children will plead for their father—more poignantly than I am able to do!"

Casual passers-by were a little amazed to see an extremely well-dressed Englishman laughing aloud at apparently nothing at all.

But a joke is nothing if it is not shared. Unable to wait for the evening, Wyndham hailed a taxi and, taking a chance that Janet would be in, he drove to the studio.

"I couldn't wait," he told her, when Janet had welcomed him. "I have the joke of the ages to tell you," Wyndham Stonor chuckled with great appreciation. He lit a cigarette, and then with infinite relish he proceeded to rehash for Janet the scene in which he had played such an amusing part.

"I really began to believe it myself," he concluded. "I don't know how to describe to you the lady's astonishment. I should have kept it for dinner this evening, but it could not wait! I imagine that Mrs. Churchill at

this moment is still gasping for breath when she thinks of the moralist and the reformer, Wyndham Stonor!"

"But I'm not dining with you tonight," Janet announced in a conversational voice.

"But you promised!" he protested.

"All the same, I'm not," Janet said, as she rose from her chair and walked slowly to the door, which she opened. "I dine with all sorts of people, Wyndham, but I've never yet dined with a cad."

It was a pitifully said—quietly enunciated—and the celebrated playwright who made women his hobby looked as though someone had just struck him across the face.

"I don't understand what you mean," he blustered helplessly. "If it's a joke—I consider it in bad taste."

"A cad can hardly be expected to understand a question of taste," Janet replied in the same quiet voice.

To have fooled a stupid woman and then to come and brag and laugh about it to me—well, I don't know that sort of man, Elizabeth!" she called, "open the door for Mr. Stonor."

The next morning when Leonard came to see her, Janet determined that if he did not tell her of seeing Amy Churchill, she would not let him know what she knew.

Leonard was in an enthusiastic vein, for things were going well with him.

"And I was wondering," he said, "if you're a little more sure, Janet? Don't you see, dear, that while money is a horrible thing in its way, it does make things easier? Before, well, I don't know how we could have married, but at least that part of it is settled."

But he said nothing about Amy Churchill.

He talked on, but Janet wanted to know.

"I didn't know that you knew Amy Churchill?" she came to the point.

"Oh, didn't you?" he replied evasively.

"No, I didn't! I saw you with her by chance the day before yesterday."

"Yes, we were driving together," Leonard answered as though it were not of any importance.

Janet looked at him, but he showed no sign of wishing to explain. Instead, he moved to the piano and began to improvise.

"Got it!" he triumphed. "Listen to this!" He began to play, but Janet was not in a receptive mood.

"I have to go out," she said, feeling that she could not sit still.

"Can I stay here and work this out?" he asked without looking up from the piano.

"Oh, of course!" Janet gave him permission.

She was in one of her worst moods as she left the house and came out on the street. And as she reached it, a car pulled up beside her.

Inside was David Churchill.

(To Be Continued.)

So That's How It Happened?

Dr. Hugo Eckener, commander of the great Graf Zeppelin, and his son, Knut Eckener, a member of the crew, were too busy with the details of landing the dirigible to pay much attention to the spectacle they were creating. So they read about it the next day over their breakfast coffee in the Hotel Warwick, where they are making their residence in New York City.

LIVESTOCK, PRODUCE AND GRAIN MARKETS

CHICAGO LIVESTOCK

Chicago, Oct. 22.—(By Department of Agriculture)—HOGS—Receipts, 43,000. Market fairly active, generally steady with last week's close; all interests buying; top \$9.75, paid freely for 210-250 lb weights. No More Piles

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. Dr. Leonard's Hem-Roid, a harmless tablet, succeeds because it relieves this blood congestion and strengthens the affected parts. Hem-Roid has a wonderful record for quick, safe and lasting relief to pile sufferers. It will do the same for you or money back. H. P. Dunn, Johnson's Pharmacy and druggists anywhere sell Hem-Roid with this guarantee.
